ONCE UPON A 'Q'
THE GREATEST STORY EVER TOLD

I don't want a nation of thinkers,
I want a nation of workers
~ John D. Rockefeller

On 27th October 2017, a group calling themselves Q Anon (anonymous) and claiming to be from the USA Department of Energy (D.O.E) started dropping vast, detailed, but cryptic posts on an almost daily basis onto popular internet Notice Boards, where, over the subsequent months, they would rapidly gather the attention of a huge, global audience running into the hundreds of thousands, and eventually reach the attention of the Mainstream Media (MSM).

They explained that the purpose of the drops/posts was to bring about an END to the global tyranny, wars, suffering, poverty, censorship, inequality and world leadership corruption that currently plagues and has a stranglehold on this planet, by exposing the perpetrators of mass crimes against humanity, particularly those involving children, animals and the destruction of the planet itself.

The goal was/is to be achieved by a collective ‘people power’ team effort by waking up the masses to some very hard truths, as well as largely unknown, fascinating historical and advanced technology information, by encouraging people to decipher/decode the material for themselves and then spread the word to others.

They warned that the current degree of evil ran/runs so deep, with Artificial Intelligence (Bots) algorithms controlling every single media platform such as Youtube, Twitter, Facebook, Google and of course the MSM itself, that the information could ONLY be presented cryptically in order to reach us at all, and, to take the Deep State enemy by surprise.
It has been no easy task because the majority of people, including those who already consider themselves to be ‘in the know’ are GOOD and therefore incapable of believing the extent of the evil. All people have been trained from birth to trust and support the very people that are, in fact hurting and betraying us. They have also been trained to have short attention spans and to fear being free thinkers or to think outside of the box. They subsequently fear peer ridicule more than evil itself, thus as long as their immediate status quo and personal situation is comfortable and bearable enough, they would rather not know ‘reality’ as that means taking responsibility and action.

However what they do not realize is that the Q Team HAD to make their appearance when they did because they, Q, having access to classified information, plans, and a conscience, discovered that the current Powers That Are were/are planning to commit the ultimate and final mass crime against humanity using advanced technology weapon systems that few have any interest in or know about.

These weapon systems have all been reported in the MSM but because people wrongly believe the Deep State manufactured illusion that there is a constant ‘enemy’ threat, people believe these vile weapons are a good thing, and there to protect us, when in fact their sole creation and purpose is to use them against us, the people, to create never ending fear, profit, control and war.

It did not take long for the Deep State to work out what was occurring and suddenly people coming even close to decoding Q and then trying to share the information on the internet found themselves being shut down overnight, no longer being able to upload Youtube videos, blogs, articles or comments across all platforms and the MSM and ‘concern trolls’ attacking Q as a mad conspiracy being followed by equally mad conspiracy theorists.

Here is a most excellent message (thank you Praying Medic) to all ‘concern trolls’ and a description of what their real agenda is:

---

Dear concern trolls [and clowns]:
If you think you’ll get me to give up on #Qanon by expressing your sincere concerns, I have news for you:
After everyone else has bailed, I’ll be the last man standing with Q.
You’re wasting your time and mine.
Go bother someone else.
However they completely underestimated the **Q team** who are clearly a huge, global body of military intelligence operatives with the project years in the planning, and bringing about massive, rapid political change starting with the North Korea Peace deal and the beginning of the breaking up of global child/refugee trafficking rings.

The task is extremely difficult and complex because they must execute the ‘Deep Clean’ as they call it, of the Top Tier of World Government Leadership, whilst preventing a complete social breakdown, backlash and mass panic, especially in countries, such as the USA, where people are armed. The public are conditioned to believe in and treat as superior ALL Authority/Monarchy/Leadership figures even when they do not like that figure or suspect that figure is compromised.

Thus the **Q Team** (who are taking control behind the scenes) have to keep some of the most powerful world figures and leaders in their positions (albeit now stripped of their previous powers, and having to obey Q military orders) in order to maintain public order whilst this Deep State dismantling and mass transition takes place. Lower level ones are suddenly made to announce their own retirement/resignation and go off the radar (to possibly face prosecution and trial at a later date).

Hence their admitted need to use disinformation where necessary. It is an elaborate, carefully planned chess game. They also need us the people to be fully acquainted with the crimes they intend to ultimately prosecute. They cannot however, publically reveal the crimes en masse until they have replaced the corrupt Mainstream Media, Judiciary and Military courts with honest, uncompromised people. So in the meantime, the information is being revealed cryptically to the few who are awake enough and interested enough in working it out and then be ready to assist the rest of the public when it is released in a more direct fashion.

So what is Q revealing? (From hereon in I will refer to Q as ‘he’ although we know it is a global team). Who the real enemy and terrorists are, how to recognize them (by their signatures/modus operandi), their past crimes, their future planned crimes, their hidden/misunderstood advanced technologies which are of MAJOR IMPORTANCE because of the theme and execution of future planned crimes. Then lost, distorted and concealed World History, again of EXTREME IMPORTANCE and the bulk of Q’s posts because of the theme and execution of ALREADY committed, and planned future crimes. And then the SOLUTION-an entire new system rolled out across the globe that **ends** unaccountable, corruptible 2 party political Leaderships, campaign donations, human trafficking, trillionaires, oligarchs, billionaires, institutional child abuse, corruption, hardship, wars, inequality, withholding of advanced technologies including advanced healing technologies, planet destruction, animal cruelty, weapons spending, banksters, dictators, censorship, secret societies, secrecy, poverty, slavery, Celebrity and Authority figure worship.

Here are just some of the **most important** and earliest (paraphrased) quotes from **Q**:

- **POTUS**- apart from meaning President of the United States a lot of the time, it also means **PEOPLE OF THE UNITED STATES**. This has not been picked up by many and has thus caused huge confusion. Here is a **Q** post to prove the point:

Finally the MAP Q is talking about (which will be proven) is a REAL Map as in starting at point A to reach destination B.

With the introduction now completed we can move on to the Q decodes which form a story like no other with a jaw dropping twist at the end.

If you still think this is solely about US Politics/Celebrities, and world freedom only requires some big US names arrested, and, you have a limited attention span with no interest outside local politics or your own country, then you will be sorely disappointed.
If on the other hand, you want the evidence based why, when and how of past and future crimes, the full depth of the evil, discovering the REAL secret behind Freemasonry and the Rothschilds (of which 99.99% of Freemasons themselves do not know), the biggest reveal of World History ever told that takes you on a fascinating, stellar journey to multiple countries, details of the Advanced Technologies (that have both positive & negative uses), finding out where the children REALLY are, finding out the exact time, date and theme of the next Deep State Mass Extinction Event False Flag (that is early next year), understanding the many Q posts that others have not been able to decipher, and discovering the details of the Q Plan and SYSTEM that will replace the current one, then you will be very satisfied! And will end up knowing MORE than even many current world and monarchy leaders. This is not an exaggeration.

The story unfolds, and is presented with images that contain text and images, the Q drop/post, the source information, with highlighted areas, arrows and some with commentary. A tiny number of the drops come from Anonymous but have been marked as from Q has they (Anon) and (Q) frequently work in tandem with each other, having context, relevance and a connection to a Q drop. They also include drops that the Trolls and paid Deep State operatives tried to say are not from Q for obvious reasons. Always the most damaging ones! The Protocols, Mystery Machine, Why does the real prince sleep on a mattress on the floor? And the Wormhole goes Deep are just four examples. You and you alone must decide what is Q. That is why Q says the choice is yours to know.

Rather than random unconnected posts, there is a definite flow and build up. The story is so huge that it has to be presented as a story with a very specific order, otherwise it would not make sense. You may therefore come across a graphic/ new direction and ask yourself what on earth it has to do with the story? Or it might not make sense at that point. As already stated every single graphic is necessary and most contain a Q post. You have to treat each one like a piece of a jigsaw puzzle, and it is only when the puzzle is completed will you get the full picture, jaw dropping twists and solution! Take your time. Q wants you to learn all this information as you will see!

Some very positive research is also presented early on so that one can later understand how it relates to the solution presented at the end, being both achievable and realistic.

3) HISTORY REWRITTEN- The big reveal-and the identity of the research source who proves the big secret IN A WAY THAT IS IMPOSSIBLE TO DENY OR QUESTION.

4) THE ENEMY REVISITED, SOLUTION AND CONCLUSION.

Here we discuss whether Loretta Fuddy may have been murdered during a plane hop that resulted in a sea ditching where everyone survived except her. Why?

She apparently verified former President Barack Obama's Birth Certificate which is supposed to be a fake. He is really supposed to have been born in Kenya which would make him ineligible to have been a US President as they must be American born.

She took off on a short flight from Hawaii with 8 other passengers on board. Shortly after takeoff the aircraft engine failed and the aircraft landed on the water about a mile offshore. A passenger (who many believe to be a US Marshall) filmed the entire event using a water proof camera. You see all the passengers safely leave the aircraft wearing lifejackets.
Then whilst bobbing up and down in the water waiting for rescue, an unbelievable sight occurs and lasts just seconds. A black clad diver suddenly appears from under the water and appears to drag L.Fuddy under the water. She had been fine up until that point. It was then reported that she had drowned. The sequence is so quick that it can only be seen by viewing the split second footage several times or studying still images (seen below) from the footage.

The question is was she murdered because she was such a risk after being in a position to verify Obama's real Birth details, if indeed the story is true.

The passengers seemed unnaturally calm and some therefore believe it was a staged, 'hit' of a future, dangerous witness.

And Q also once posted DIVE (666 -coincidence?). For those who have read the Q book, Obama signed a steel beam on the new ONE World Trade Centre with 666 -the number of the Beast... and Q's PEN decode...

https://www.youtube.com/watch?v=9v636A1aVmE&feature=youtu.be
The birth certificate is proven to be a manufactured document by its many layers produced by Photoshop. An authentic document would have only 1 layer. Apparently the stooge who did the leg work forgot to flatten the document.

But why did Fuddy cooperate in the forgery? We believe that the best answer was supplied by Simon News and Ministry which identified a common link between Fuddy, Ann Dunham, and Barack Obama.

Fuddy and Ann Dunham, Obama’s alleged mother, were both members of the Indonesian Subud cult, and by extension, so was Obama. Consequently, Obama had a natural ally in preserving his fraudulent pretensions. In the cult, Loretta was known as Delina Fuddy.

Doug Vogt, an attorney who has proven the birth certificate fraud, and an accountant who has analyzed Fuddy’s financial disclosure statements, has noted discrepancies in her financial filings amounting to 70-100,000 USD. The most likely explanation is that she received a bribe in that amount for services rendered.

Once Fuddy produced the information and certification, she became expendable, especially if she were deemed to have loose lips. As the noose has tightened around Obama, she was deemed a liability and murdered.

Many have died to continue the hoax and fraud upon the American people, and many more will be murdered to keep the secrets of state.

Beverly Eckert (May 29, 1951 – February 12, 2009) was an activist and advocate for the 9/11 Truth Movement. She died at age 57 on February 12, 2009, in the crash of Colgan Air Flight 3407 in Clarence Center, New York. She had met with President Barack Obama.

24 Apr 2017 - Beverly Eckert was murdered by Zionist operatives who were.
The plane crashed just 6 days after the meeting with Obama and Beverly

Beverly Eckert was murdered by Zionist operatives who were threatened by her relentless pursuit for justice regarding the death of her husband, Sean Rooney, whom she had loved dearly. Rooney had died a terrible, heart-rending death as WTC-2 collapsed around him and it was a truly horrendous event. Beverly was actually speaking on the phone with Sean, who was trapped in the building, and while she was speaking to him, saying a tearful goodbye, he died in the collapse.

In her own words, she said: “I guess I wish I wasn’t here, because it was such a different life before September 11th. I never envisioned myself speaking to the public having to say anything other than about my own little life. I was just like everyone else, very compliant, very content. World events didn’t seem to affect me, that’s what I believed at the time. All that changed on September 11th, and I guess I just found that I couldn’t just sit back and be a victim. My husband Sean worked in the South Tower, his office was on the 98th floor with a couple of hundred other people and he didn’t really have a good understanding of evacuation and escape options and so they went up, only to find that the doors were locked. They had a window of opportunity to escape down Staircase A, there were three staircases in the South Tower. I think they thought that the rooftop was an option, and so they went up and they were trapped because the roof doors were locked. Beverly had also issued this statement...

“My Silence Cannot Be Bought Beverly Eckert, Friday, 19th December 2003
I’ve chosen to go to court rather than accept a payoff from the 9/11 victims compensation fund. Instead, I want to know what went so wrong with our intelligence and security systems that a band of religious fanatics was able to turn four US passenger jets into an enemy force, attack our cities and kill 3,000 civilians with terrifying ease. I want to know why two 110-story skyscrapers collapsed in less than two hours and why escape and rescue options were so limited.

By suing, I’ve forfeited the $1.8 million average award for a death claim I could have collected under the fund. Nor do I have any illusions about winning money in my suit. What I do know is I owe it to my husband, whose death I believe could have been avoided, to see that all of those responsible are held accountable. If we don’t get answers to what went wrong, there will be a next time. And instead of 3,000 dead, it will be 10,000. What will Congress do then?”

Eckert was one of the few surviving relatives who refused to accept the ‘hush money’ offered by Kenneth Feinberg and took her own action, ultimately leading to the White House and beyond. She sought only justice for her husband and in so doing publicly referred to the Zionist-sponsored Project for the New American Century, as the “most sinister” of all documents she had ever seen. Eckert had gathered evidence that former President Bush knew all about the attacks in advance and had even contributed to the planning of them. Because of her relentless activism she was “allowed” to meet with Barack Obama, informing him that she would not rest until justice was served, and also demanded that George Bush be investigated for conspiracy and complicity in mass-murder.

Less than a week later, Beverly Eckert was dead.

She had met with Obama in 2009 at the White House asking him to open a new 9/11 investigation. Obama shook her hand on TV, then sent her on a speaking tour. She went to Buffalo to celebrate her late husband’s 50th birthday anniversary. The plane crashed just 6 days after the meeting with Obama and Beverly Eckert was silenced forever! SILENCE WILL NOT LAST FOREVER!

Suspiciously, there was a strong FBI presence at the crash scene. The FBI only investigates cases where the NTSB has determined that ‘foul play’ is involved. They stated that criminal action was ruled out, yet their presence proved otherwise. This suggests that they knew there was foul play and that their only purpose at the scene was to enact a cover-up operation.

The forensics team was led by the same man who led the forensics recovery efforts for Flight 93 in Shanksville. This man was a FEMA operative who had also worked with the UN on the crash of Egyptian Airlines 990 (another black-op.)

Almost 10,000 people have a cancer diagnosis that is somehow linked to breathing in hazardous particles following the September 11 Twin Tower terrorist attack in New York City, the Post has learned.

Inhaling particles from the leaked jet fuel, asbestos, cement dust and glass shards following the destruction of the World Trade Center has led to cancer proliferation among at least 9,795 first responders and other New Yorkers, the federal World Trade Center Health Program revealed to the New York Post.

The numbers continue to grow exponentially ever since the program at Mount Sinai Hospital kicked off in 2013. In 2015 the number of 9/11 cancer-linked patients stood at 3,204 while the next year it jumped to 8,188.

“We get these referrals 15 to 20 times a week,” said Dr. Michael Crane, medical director of the WTC Health Program, noting that 17 years following the tragedy older people tend to turn for medical help more often. “In an aging population, you’re going to see a rising cancer rate, no matter what.”

Since the tragedy, more than 1,700 affected persons have died, including 420 of those stricken with cancer, officials told the publication. First responders tend to suffer from thyroid cancer and skin melanoma and also face a higher risk of bladder cancer. The rest of New Yorkers exposed to toxic dust exhibit higher-than-normal rates of breast cancer and non-Hodgkin’s lymphoma. Leukemia and other blood-cell disorders have also been noted to be on the rise, Crane said.

Also the pyramid next to the Mandalay Bay Hotel where the shooting occurred, was featured in a 1996 Movie called Mars Attack where it comes under attack from an Alien Mars themed Space Launched Laser Weapons Invasion. In Kabul, Afghanistan

Words by Larry Sierra

There were 30 cells inside the prison, each a stand-alone concrete box. In 16, prisoners were shackled to a metal ring in the wall. In four, designed for sleep deprivation, they stood chained by the wrists to an overhead bar. Those in the regular cells had a plastic bucket, those in sleep deprivation were given sips. When sips weren’t available, guards used atomizers with scent spray, or prisoners were chained naked in their cells. The cold block was unheated, pitch black day and night, with music blaring around the clock.

The atmosphere was very psychological. The ‘Braves’ served a CIA investigator in January 2001, two months after he interrogated a prisoner named Gul Rahman in the facility. "Nasty, but safe.”

This post is what it is. Q is drawing your attention to an article written by a UK Bedding and Mattress Company talking about how strange it is that clever public relations made Donald Trump, (who once made a 2009 commercial/advertisement for SERTA Mattresses), a US President. They compare him to a Prince Casper, Eve or Simba character. As you will find out later, Simba refers to the Lion King character because the Lion is the symbol used by the Monarchy (whereby the Monarchy definition means a Ruler/Sovereign which therefore encompasses ALL Leaders & Rulers as well as Kings, Queens and Popes). **What is the big deal about his Commercial you may ask?**

Well he addresses SHEEP characters in a Hotel Corridor of one of his many Buildings (remember he was a Buildings Real Estate Developer before becoming President), who just happen to have the numbers 9 & 11 on them, whilst standing on pillars that could be deemed to be representing the twin towers. He addresses them:

"Why don't you come and WORK for me? Something you were BORN to do...."

Q clearly counters the UK Bedding mantra 'Head and Shoulders Above the Rest' with 'No One Person Is Above Another.'
Why is it important to keep your enemies close *tracked*?

Why do you seal canned goods?

Why does the real prince *sleep on a mattress in the floor*?

President Donald Trump is just like a Casper, Eve or Simba Mattress. There are some crazy things going on in the world right now. Donald Trump becomes the 45th President of the United States of America, the UK vote to leave the EU, political and religious changes all around us. Can this be attributed to marketing and the digital age? The power of marketing has always been accepted, and the advancement of technology has changed the face of marketing. Donald Trump, a 'love him, hate him' self-promoting egotistical billionaire, entrepreneur, some describe him as narcissist, others a new face of a man...

A large ‘dead zone’ in the Gulf of Oman is increasing in size, according to scientists who warn the oxygen-scarce area is worse than previously thought and poses a threat to the environment. But what does that mean?

The dead zone in the Arabian Sea is now the world’s biggest Oxygen Minimum Zone (OMZ). About the size of Sicily or Florida, the dead zone almost covers the entire Gulf of Oman, which borders Iran, Oman, Pakistan and the United Arab Emirates.

**What is a dead zone?**

A dead zone is an area of the sea or a large body of water that is almost entirely devoid of oxygen. The low-oxygen areas are called dead zones as they can’t sustain marine life. Fish, animals and plant life in the zones suffocate as a result, as low oxygen levels, while some marine life manages to swim away from the area, leaving it empty.

Scientists began noticing increasing areas of dead zones in the 1970s. In 2008, 405 dead zones around the world were reported by Sweden’s Umeå University.

**Conditions in Gulf of Oman**

The existence of the Gulf of Oman dead zone has been known for about 50 years, but the extent of the area has recently been confirmed thanks to the use of underwater robots, called Seagliders.

“The Arabian Sea is the largest and thickest dead zone in the world. But until now, no-one really knew how bad the situation was because prawn and prawn conflicts in the area have made it too dangerous to collect data,” Dr Bastien Quevillon from UEA’s School of Environmental Sciences said. “We barely have any data collected from the Arabian Sea for almost half a century because of how difficult it is to send ships there.”

**What causes dead zones?**

Dead zones can occur naturally, but also grow as a result of excessive nutrient pollution from human activities, the National Oceanic and Atmospheric Administration explains. Many chemical, physical and biological factors combine to create dead zones, but nutrient pollution is the primary culprit. Nitrogen and phosphorus in fertilizers run into the water, and then act as nutrients which fertilizer algae.

Catholic Archbishop Says Pedophilia Is 'Spiritual Encounter With God'

One of the highest-ranking officials in the Catholic Church says sexually abused children can experience “a spiritual encounter with God through the priest” while being molested.

Australia’s most powerful clergy, Archbishop of Melbourne Denis Hart, says the Catholic practice of confession is satisfactory for dealing with pedophiles in the church as it helps priests absolve “their own guilt” after sexually abusing children.

Asked whether he was prepared to be jailed for failing to report child sex abuse by Catholic pedophile priests, Archbishop Hart confirmed he was willing to serve prison time. He also claimed the right to cover for pedophiles in the church is an “absolutely sacrosanct communication of a higher order.”

He made the shocking statement in response to the Australian Royal Commission into Institutional Responses to Child Sexual Abuse which stated there should be “no excuse, protection or privilege” for Catholic clergy who failed to alert police of abuse within the church.

But Archbishop Hart disagreed and insisted that sexual abuse was “a spiritual encounter with God through the priest” and was “of a higher order” than criminal law.

(Dawn Luger) Leave it to the government to break the very rules they themselves have put into place. The Pentagon is supposed to keep an accounting record of monetary transactions, yet they can't account for $21 trillion of spent money.
For the fiscal year of 2015 alone, the Army failed to provide adequate support for $6.5 trillion in journal voucher adjustments, according to Forbes. That’s not exactly in line with the rules they laid out for themselves.
The following infographics are a very important part of Q's story because it helps to explain in layman's terms, not only how advanced weapons work, but more importantly, how our group consciousness works so that we can feel confident that Q's plan is going to work due to just a small number of people required to start the 'awakening' ball rolling via the ripple effect in the human consciousness.
"The day science begins to study non-physical phenomena, it will make more progress in one decade than in all the previous centuries of its existence." — Nikola Tesla

"If you want to find the secrets of the universe, think in terms of energy, frequency and vibration." — Nikola Tesla

Tesla's oscillator - Wikipedia
https://en.wikipedia.org/wiki/Tesla%27s_oscillator

Tesla's electro-mechanical oscillator is a steam-powered electric generator patented by Nikola Tesla in 1893. Later in life, Tesla claimed one version of the oscillator caused an earthquake in New York City in 1898, gaining it the popular culture title "Tesla's earthquake machine".

Tesla's Earthquake Machine Method @ Things Of Interest - qntm
https://qntm.org/tesla

10 Jan 2011 - Lessons well learned. Some very tall structures in earthquake zones are now built with tuned mass dampers at the top, to cancel out such resonance. (Conspicuously absent from these examples is the Tacoma Narrows Bridge collapse. The Tacoma Narrows Bridge wasn't, strictly speaking, demolished by...

Supposedly, he once took this device to a building site and attached it to the girders of a half-started building, causing it (after some minutes) to start vibrating so alarmingly that the builders abandoned it, fearing an earthquake. Tesla never used the machine again, out of fear.

Collapse of the Tacoma Narrows Bridge - American Physical Society
https://www.aps.org/publications/apsnews/201611/physicshistory.cfm
When the Tacoma Narrows Bridge over Puget Sound in the state of Washington famously collapsed on November 7, 1940, it was captured on film for posterity. The footage became the basis for a textbook example of resonance, which is a standard topic in high school physics. But that classic explanation is incorrect.

IF IT WAS CAPTURED ON 'FILM' IN 1940 THEN IT CERTAINLY DID NOT HAPPEN NATURALLY.... IT WAS DONE ON PURPOSE TO TEST THE 'TESLA' 'EARTHQUAKE MACHINE.'
Here we have Hans Jenny who coined his discovery 'CYMATICS.' He discovered that soundwaves form all matter (even thoughts), and the frequency and pitch/tone determine very precise geometric shapes/patterns. Similar to Nicola Tesla's 'earthquake machine' where he stated 'everything is frequency and vibration.'

Thus soundwave therapy can be used to heal or to kill if it is weaponized into Electromagnetic Pulse (EMPs) laser weapons. Remember Q asked what is a LASER POINTER used for. That was one of the 2 decodes for Laser.
It's incredible to think that sound literally makes mountains or hexagonal shaped stones! Just go to YOUTUBE and type in CYMATICs to see stunning experiments where different sounds turn sand, water, oil or metal filings (placed on a flat metal surface) into perfect patterns depending on the frequency applied.

Here a wine glass is shattered simply by a human voice!

Uber and the US Army team up to make flying cars

The US Army and ridesharing company Uber have signed an agreement to develop technology that could be used for flying cars – or military aircraft.

Uber and the US Army Research, Development and Engineering Command said that they would be spending $1 million to develop and test a rotor system that could allow vertical takeoff and landing. By utilizing two rotors stacked on top of each other and rotating in the same direction, they hope to minimize operating noise.

The partnership was announced this week at the Uber Elevate Summit in Los Angeles, a two-day event showcasing flying car technology. Uber has already taken strides towards developing a network of flying taxis, and through more partnerships with government agencies, hopes to launch a prototype of a flying taxi by 2020, Reuters reported.

This one is very important as it reveals and discusses 'cloaking' technology where they can make anything appear invisible by simply removing its light source...very effective for concealing drones for example...

This is why Q was drawing our attention to the APPLE Company and PROJECTION. Apple's new phone is called the Apple Black Phone and is a HOLOGRAPHIC Phone that can PROJECT Holographic images. A hologram can look completely real, when all it really is, is an illusion...
Oh dear. The Deep State secret concerning the 9/11 Planes is about to be revealed...they were Holographic PROJECTIONS using 'cloaked' drones projecting them onto the buildings...a real life Hollywood Special Effects stunt...Real Passenger Jets cannot fly at that speed at that altitude, which is why you see them HIGH IN THE SKY....

And now you also know what the first meaning of Q's LASER Pointer is. Electromagnetic Tesla LASER Weapons simply 'dematerialize solid steel.'
With cars parked 7 blocks away, but in the path of the LASER weapon getting destroyed yet their plastic parts remaining intact....
Here we have the FED Building Bombing clearly depicted on a 1985 $20 Bill 10 years before it's 1995 destruction using a TESLA Laser Weapon...

They don’t hesitate to practice and test their Laser Weapons on innocent, defenceless animals....here a flock of sheep, a description they also afford us as already demonstrated....
This is majorly important. Recently Q showed an image of the APPLE Headquarters both in China and the US. This was to demonstrate the use of Holographic Projections being used to create scary illusions in both China and Russian Siberia...
Enormous glowing ball is seen over northern Siberia after fuel from four Russian rockets tested overnight created an illusion in the sky (but locals thought it could be a UFO).

THE HOLOGRAM 'PROJECTION' MACHINE BEING USED IN RUSSIA TO SCARE THE PEOPLE... FURTHER PROOF IT IS EVERYWHERE & THAT THEY ARE ALL 'IN' ON IT.....

What if cures already exist?
What about the billions (public/private/govt) provided to fund cure dev?
Sheep. These people are sick!

Q
What do all these images have in common? They are ALL 'PROJECTED HOLOGRAMS'..... The new 'APPLE' phone is HOLOGRAPHIC.

Google Employees Resign In Protest Of Pentagon AI Project

05/24/2018 SS IN THE STORM

U.S. employees at least a dozen Google employees have resigned in protest over the company's collaboration with the Department of Defense by supplying artificial intelligence for a controversial military pilot program for the DoD known as Project Maven. After thousands of employees signed a letter last month asking the company to cancel the Pentagon contract and institute a policy against working for the military.

“We can no longer ignore our industry’s and our technologies’ harmful biases, large-scale breaches of trust, and lack of ethical safeguards. These are life and death stakes,” the petition read.

Project Maven, developed to scan images in drone footage and identify targets and classify images of objects and people—was launched in April 2017, and according to a Pentagon memo, aims to “augment or automate Processing, Exploitation and Dissemination (PED) for unmanned aerial vehicles (UAVs) in support of the Defeat-ISIS campaign” in order to “reduce the human factors burden of full-motion video analysis, increase actionable intelligence, and enhance military decision-making.”

More than 5,000 academics and researchers penned an open letter in support of the Google employees and calling on the company to cease work on Project Maven. The letter touches on the implications of Google working with the Pentagon:

With Project Maven, Google becomes implicated in the questionable practice of targeted killings. These include so-called signature strikes and pattern-of-life strikes that target people based on known activities but on probabilities drawn from long range surveillance footage.

While the reports on Project Maven currently emphasize the role of human analysts, these technologies are poised to become a basis for automated target recognition and autonomous weapon systems. As military commanders come to see the object recognition algorithms as reliable, it will be tempting to attenuate or even remove human review and oversight for these systems. According to Defense One, the DoD already plans to install image analysis technologies on-board the drones themselves, including armed drones. We are then just a short step away from authorizing autonomous drones to kill automatically, without human supervision or meaningful human control, if ethical action on the part of tech companies requires consideration of who might benefit from a technology and who might be harmed, then we can say with certainty that no topic deserves more sober reflection – no technology has higher stakes – than algorithms meant to target and kill at a distance and without public accountability.

The DoD contracts under consideration by Google, and similar contracts already in place at Microsoft and Amazon, signal a dangerous alliance between the private tech industry, currently in possession of vast quantities of sensitive personal data collected from people across the globe, and one country’s military. They also signal a failure to engage with global civil society and diplomatic institutions that have already highlighted the ethical stakes of these technologies.

Family Removes Alexa Devices After a Stranger in Another Town Heard
Everything They Were Saying

by Rachel Blevins, May 24th, 2018

(Rachel Blevins) ‘I’m never plugging that device in again because I can’t trust it,’ a homeowner said after her Alexa sent an audio recording from inside her home to a stranger.

A concerned family is speaking out after they claim that their Amazon Alexa device recorded a conversation they were having in their home, and sent it to a random contact who alerted them to the fact that they had heard everything they said.

A homeowner named Danielle, who asked for her last name to remain anonymous, told KIRO 7 that she and her husband were in their house, discussing home improvement projects and hardwood floors when they received an urgent call from one of her husband’s employees in Seattle.

‘The person on the other line said, “unplug your Alexa devices right now, you’re being hacked”’ Danielle said.

‘We unplugged all of them and he proceeded to tell us that he had received audio files of recordings from inside our house’ she said. ‘At first, my husband was like, “no you didn’t!” And the recipient of the message said “You sat there talking about hardwood floors.” And we said “I beg you, you really did hear us.”

‘My husband and I would joke and say I’d bet these devices are listening to what we’re saying,’ Danielle said, noting that they never imagined the smart device would record their private conversations and then make them public.

After unplugging all of the devices, Danielle said she called Amazon multiple times before she received a response. When an Alexa engineer finally looked into Danielle’s claims, she said he acknowledged that the device had recorded conversations inside her home and emailed them to a random contact, and then apologized profusely.

‘They said “our engineers went through your logs, and they saw exactly what you told us. They saw exactly what you said happened and we’re sorry.” He apologized like 15 times in a matter of 30 minutes and he said we really appreciate you bringing this to our attention. This is something we need to fix,” Danielle said.

However, one of the most alarming factors in the ordeal was that the Alexa device made a recording and chose to send it to a contact on its own, without alerting the homeowners to what it was doing or asking for permission. Danielle said the engineer did not explain why it happened, or if it was happening to other Alexa users.

In response to a request for comment on the issue, Amazon claimed that it ‘takes privacy very seriously. We investigated what happened and determined this was an extremely rare occurrence. We are taking steps to avoid this from happening in the future.’

Danielle is now seeking a full refund from Amazon on her Alexa.

Newsweek Is The Latest to Warn about Cell Phone Radiation, WiFi, and 5G Technology Causing Harm

by B.N. Frank, May 23rd, 2018

On May 19, Newsweek published “Radiation From Cell Phones, WiFi are Hurting the Birds and the Bees. 5G May Make It Worse.”

Technology is quite literally destroying nature, with a new report further confirming that electromagnetic radiation from power lines and cell towers can disorientate birds and insects and destroy plant health. The paper warns that as nations switch to 5G this threat could increase.

In the new analysis, EKLIPSE, an EU-funded review body dedicated to policy that may impact biodiversity and the ecosystem, looked over 97 studies on how electromagnetic radiation may affect the environment. It concluded this radiation could indeed pose a potential risk to bird and insect orientation and plant health. The Telegraph reported.

This is not a new finding, as studies dating back for years have come to the same conclusion. In fact, one study from 2016 even suggested that this electromagnetic radiation may be playing a role in the decline of certain animal and insect populations. The radio waves can disrupt the magnetic “compass” that many migrating birds and insects use. The creatures may become disoriented. AFP reported.

Doctors Shocked When Cannabis Oil Cures Woman of Terminal Cancer by Vicki Batts, April 5th, 2018

(Vicki Batts) There is no shortage of patients curing their cancer on their own, with a little help from a medicinal plant we call cannabis. Recently, a 52-year-old woman from the United Kingdom revealed that cannabis oil saved her life.

Related The “Deadly Breast Cancer Gene” Is A Myth, Lancet Study Confirms

After a terminal cancer diagnosis and failed chemotherapy treatments, Joy Smith says that she was willing to try just about anything — including cannabis.

In spite of her initial skepticism, Smith took a leap of faith that seems to have paid off in huge dividends. Two years after beginning treatment with cannabis oil, her stomach cancer is in complete remission and the last bits of cancer are just about gone.

Smith, who hails from Coventry, says that doctors predicted she had just six weeks to live when they first diagnosed her stomach and bowel cancer. Many of the tumors were deemed inoperable, and experts pushed her to try chemotherapy to extend her life. But, as is
so often the case, chemo just made her condition worse: She developed sepsis and her line had to be taken out.

It was then that she learned some of her friends had been looking into alternative treatments for her — including cannabis.

Smith told the *Coventry Telegraph*, "When you’re told you have six weeks to live you’ll try anything, trust me."

“I was a bit sceptical about the oil at first as I’d never taken drugs or anything like that – but I know I would not be here today without it. I want to tell everybody," she continued.

“Cannabis oil should be legalised for medical purposes – people are dying and the chemotherapy isn’t curing them," the cancer survivor contended.

While Joy may have been apprehensive about cannabis oil initially, learning about other people who had success treating their cancer with it inspired her to be more confident. Soon, she saw her own results — which ultimately convinced her of the plant’s potency against one of the world’s leading killer diseases.

“I was taking it on and off. But when I’d been having it three to five times a week, the scans were getting better and then when I stopped taking it the scans showed no change," she explained."
Why are governments continuing to outlaw this safe, affordable and highly effective solution against cancer?

"Widespread awareness and legalization of cannabis as anti-cancer medicine would collapse the for-profit cancer industry which depends on a never-ending supply of cancer patients for their profits and government funding," explained Mike Adams, the "Health Ranger," publisher of Cancer news and other medical science news sites. "For millions of people around the world, the answer to cancer is literally a weed that grows for free, yet tyrannical governments around the world are beholden to the financial interests of the corrupt cancer industry, and they enforce prohibition against natural medicine, denying the populations of the world a basic human right: access to natural medicine," Adams added.

Joy has described herself as a "walking miracle" after doctors in Spain confirmed that the cannabis oil was healing her cancer.

But, unsurprisingly, other members of the mainstream medical community have shunned her treatment protocol. Julie Frater, from Cancer Research UK, reportedly commented, "We don't advise patients to use cannabis oil or any alternative therapies to treat cancer. Standard medical treatments for cancer are all evidence-based so have been tested to see how safe and effective they are."

Of course, recent research has shown that chemotherapy is anything but safe: it can actually make cancer spread faster and become more virulent than it was before. As Joy Smith's case has shown, chemo isn't the godsend the medical community purports it to be.

The truth may be suppressed by mainstream medicine, but many people are turning to cannabis oil and other natural remedies in an effort to fight off their cancer — and there is no shortage of success. In September 2017, another brave woman revealed that cannabis oil had cured her "incurable" brain cancer. As usual, where modern "medicine" fails, plants rule.

Another cancer survivor came forward earlier this year, to tell the world that plant medicine had cured her breast cancer in just five months.

Despite the clear volume of people successfully treating cancer with cannabis, the mainstream medical establishment refuses to even consider the possibility of plant medicine. Who is truly being anti-science here?

Here is a very important researcher that Q is alerting us to; Biologist Rupert Sheldrake who coined the term 'Morphic Fields.' He proved that our habits and reactions from birth are not our own, but from the collective consciousness that acts as a stored 'library' of instructions already created by the behaviours of all previous humans. The behaviours/reactions are constantly evolving based on current behaviours. He did some amazing research involving animals knowing when their owners were coming home the second the owner entertained the thought of returning home.

It might also explain how animals knew to escape to higher ground well before the Thai tsunami, alerting some lucky locals who took heed and followed them.

---

Here is another Q 'Follow the Pen' decode alerting us to some very important, positive and uplifting research. It was discovered by CIA Lie Detector expert Cleve Backster in the sixties. One day he decided to hook up a plant to his lie detector. He then dipped a plant leaf in coffee and nothing happened. He then directed an intense ‘thought of burning the leaf’ towards the leaf. The lie detector
'pen' went wild and registered the same distress that a human would. He was stunned. He then dropped brine shrimps into boiling water in front of the plant, which again registered severe distress same as a normal human would if they had to observe (or think about) a fellow living being or animal being placed live in boiling water.

He went on to perform many more experiments and concluded that everything from plants to human cheek skin cells seem to share a sentient consciousness and telepathy.

This is uplifting because it also proves that 'WE' are all consciously connected, and just a small number of us all focusing on a very specific outcome-such as The Great Awakening, Freedom and World Peace, can cause it to happen, by our collective thoughts rippling out into the global consciousness so that everyone starts thinking it as well. Then it is achieved!
So moving on we come to Masuro Emoto's discoveries concerning WATER! This is one of Q's multiple WATCH THE WATER & Sea To Shining Sea decodes. And one of the two Q's 'Lord's Prayer' decodes. Emoto discovered that not only does water hold memory, but that it too, responds to good or bad thoughts/words directed at it by forming either beautiful crystalline geometric patterns (like snow flakes do) or ugly, patternless messes. This is so important because we humans are mainly made up of water and our blood also holds memory.

Many have tried his famous cooked rice experiment where he placed water over cooked rice in 3 sealed jars for 28 days. He then attached the word 'Love' on one, 'Nothing' on another, and 'Hate' on the last one. Each day he would project the word with his thoughts on each jar for a minute or so.

After the 28 days, the jar with the word 'Hate' contained very advanced, black mould on the rice. The 'Nothing' jar had some mould, whilst the 'Love' jar had none!

So imagine the power of all our collective thoughts directed at everyone else to assist in waking them up and the tyranny ending.
The result was that we always observed beautiful crystals after giving good words, playing good music, and showing, playing, or offering pure prayer to water. On the other hand, we always discovered crystals in the opposite situation. Moreover, we never observed identical crystals. 

I published these results as a photograph collection: "Messages from Water 1" (1999), "Messages from Water 2" (2002), "Messages from Water 3" (2004), and "Messages from Water 4" (2008). All of them are published by Hado Kyokai-Sha.

Then in November 2001, "Water Knows the Answer" (Sunmark Publishing) was published not as a photograph collection but as an explanatory book. Many of you may know that these books became bestsellers not only in Japan but also in overseas. It is "beauty" if we were asked about the selection criteria of crystals.

This world is filled with wonders and mysteries that get more incomprehensible if we try to think of a reason. In a familiar situation, for example, why do dogs exist and why do cats exist? Why do mice exist and why do snakes exist? Why are cherry blossom trees and why are there willow trees? What is a human being in the first place? As such, there are so many incomprehensible things that we cannot understand at all.

Thus, except for some of truly basic things, no one disagrees that there are still so many unknowns. Probably we understand 3%. In other words, I think 97% is unknown. The reason why the number is 3% is that the research of geneticists revealed the level of our DNA activation is 3%. I believe the original idea of creation by the creator of this universe was "the pursuit of beauty." Everything is combination of energetic vibration. As vibration resonates, it makes some tangible objects.

Combination of non-resonating vibration can result in destructive energy, and nothing can be created out of it. When some vibration and the other resonate each other, it always creates beautiful design. Thus, most of the Earth is covered with beautiful nature. That is why scientists, philosophers, and religionists pursue for unknown facts. Is it presumptuous to suggest them taking paths with "the pursuit of beauty" in mind as a means to confirm their right paths?

There are approximately 7 billion people exist on this Earth now. I think there is one common standard we share although our skin colors, languages, religious beliefs may be different. I think that is the standard of "beauty". However, the deep pursuit of beauty is slightly different depending on experience, age, and personality. That is why many types of wonderful artists who pursue the secrets of beauty always appear in the human history one after another.

Therefore, the photograph of crystals is neither science nor religion. I hope it is enjoyed as a new type of art. Nevertheless, the world it shows is truth. and there is no doubt that many messages essential to our lives are hidden in it.

Masaaru Emoto

Water has a memory and carries within it our thoughts and prayers. As you yourself are water, no matter where you are, your prayers will be carried to the rest of the world.

Masaaru Emoto

This is the famous cooked rice & water experiment which anyone can try. After 28 days of daily focusing of each thought per jar, the hate jar of rice started to rot the quickest.
The effects may be used for psyops. For instance, a targeted individual may be made to hear ‘Allah’s voice in his head,’ telling him to go on a shooting rampage...
REVEALED: US army’s plans to create a generation of SUPER SOLDIERS

THE US military is working on creating a generation of SUPER SOLDIERS which have been genetically modified and given technological implants.

By SEAN MARTIN

DARPA (Defense Advanced Research Projects Agency), which is part of the US Department of Defense has revealed a plethora of plans to create an elite fighting force. One of the projects on the horizon is to create software which could be uploaded directly to the brain to give their soldiers heightened senses while also attempting to cure ailments such as blindness, paralysis and speech disorders creating an army of Captain Americas.

DARPA will plough £50million into researching the role neural networks play in operating the brains in order to decipher how it processes sensory input.

They will then hopefully create technologies and algorithms which can interpret and generate signals in the brain.

A statement from DARPA said the programme, known as the Neural Engineering System Design (NED), “aims to develop an implantable neural interface able to provide advanced signal resolution and data-transfer bandwidth between the brain and electronics”.

The implant will act as a translator, converting digital communication like binary code into an electrochemical language used by the brain. NED project manager Phillip Alvelda said that its brain-computer interfaces (BCIs) “program looks ahead to a future in which advanced neural devices offer improved fidelity, resolution, and precision sensory interface for therapeutic applications.”

Another project boffins at DARPA are working on is the ability to give super-human sight to its soldiers.
The **Soldier Centric Imaging via Computational Cameras** (SCENIC) program is attempting to create a small contact lens which would improve fighters vision tenfold.

Research began on this project in 2011, and DARPA hopes to “develop novel computational imaging capabilities and explore joint design of hardware and software to give war fighters access to systems that greatly enhance their awareness, security and survivability.”

DARPA is also working on technologies outside of the body to make their soldiers stronger and faster, such as the **XOS** range. **THERAPY** takes **XOS** to the next level by breaking the mind into a functional/programmable device.

The **XOS 2** is an **exoskeleton**, that is currently being developed in conjunction with **UK technology firm Raytheon**, that soldiers will one day be able to wear and make them 17 times stronger.

Raytheon VP of operations Fraser Smith told Time: “This got started mostly because of the need that the military has for lightening the soldiers’ load.

“It’s a big deal, both from the point of view of the size of the backpacks that they carry, and also the logistics support that’s basically mandatory for all of the operations that people carry out.”

However, due to the immense amount of power that is required to run the **exoskeleton**, it needs to be charged constantly, but work on a **cordless model is underway**.

'Super soldiers': The quest for the ultimate human killing machine

The ancient Spartans believed that battlefield training began at birth. Those who failed the first round of selection, which took place at the ripe old age of 48 hours, were left at the foot of a mountain to die. The survivors would, in years to come, often wonder if these rejects were the lucky ones. Because to harden them up, putative Spartan warriors were subjected to a rigorous regime involving unending physical violence, severe cold, a lack of sleep and constant sexual abuse.

As with the English public schools, which used similar tactics to produce the warriors who carved out the British Empire, the Spartan regime worked; the alumni were the most feared soldiers in the eastern Mediterranean. And ever since then, military chiefs have wondered whether it may be possible to short-cut the long and demanding Spartan regime to produce a soldier who kills without care or remorse, shows no fear, can fight battle after battle without fatigue and generally behave more like a machine than a man.

Efforts to understand the brain of the soldier and put this knowledge to good use have been going on for some time. Professor Jonathan Moreno, a bioethicist at Pennsylvania State University, studies the way neuroscience is being co-opted by the military. "Right now, this is the fastest-growing area of science," he says.

The Pentagon is currently spending $400m a year researching ways to "enhance" the human fighter. The defence giant Lockheed recently unveiled its "Hulc" (Human Universal Load Carrier), a science fiction-like, battery-powered exoskeleton that allows a human to lift 100kg weights and carry them at a fast run of 16kph (10mph). The videos of the Hulc in action are truly impressive. Superman strength is one thing, but soldiers still need to sleep. In Afghanistan the average soldier in combat gets only four hours' rest a day and sleep deprivation is the single biggest factor in reducing fighting performance. Not only are tired soldiers less physically able to fight and run, they make more mistakes with the complex weapons systems at their disposal – mistakes that can prove deadly to themselves and their comrades.

Using chemistry to attack fatigue is, of course, nothing new. Two centuries ago, Prussian soldiers used cocaine to remain alert
and Inca warriors used coca leaves to stay alert long before that. Since then, nicotine, amphetamines, caffeine and a new class of stimulants including the drug Modafinil have all been used successfully, to the extent that American soldiers can now operate normally even after 48 hours of sleep. Now the chemists are trying to tweak the molecular structure of this drug so that it will switch off the desire for sleep for even longer.

Tiredness is not the only psychological problem faced by soldiers. Combat is immensely stressful and although proper training means that men and women can remain focused while in mortal danger, it is afterwards that problems begin. During the Vietnam War, one in three soldiers was treated for post-traumatic stress disorder (PTSD) and in the Second World War a significant proportion of Allied conscripts never fired a shot in anger because of stress and fear before the battle had even begun. Up to now, PTSD has been treated by a mix of psychotherapy and antidepressants—effective techniques but expensive and time-consuming. But as with fatigue there may be a chemical shortcut for PTSD.

The trick is to erase unwanted memories, or at least take away their sting. Professor Roger Pitman, a psychiatrist at Harvard Medical School in the US, has been experimenting with a drug called propranolol, a “beta blocker” normally used to treat high blood pressure, which he believes can erase the effects of terrifying memories.

Professor Pitman has given the drug to young volunteers who have suffered extreme trauma in, for example, road accidents.
Those given placebos suffered nightmares, and remained fearful of the road. When exposed to recordings describing their accidents they suffered typical stress responses—sweating, beating heart, dilated pupils—but those who had been on a course of propranolol showed no response at all. It was as though the trauma had not happened. For a soldier, memory-altering drugs such as this could mean violent combat becoming no more troubling, retrospectively, than a visit to the gym. “The problem is,” Professor Moreno says, “what else are they blocking when they do this? Do we want a generation of veterans who return without guilt?” You may not even need drugs to short-cut the unwanted side effects of battle. Dr Albert “Skip” Rizzo, a psychologist from the University of Southern California, has created a “virtual Iraq” video game, in which veterans have been able to re-enact their experiences to release pent-up stress.

Generals not only want stronger, more alert and less stressed soldiers; they want smarter ones, too. One of the most bizarre neuroscience findings in recent years is that by immersing the human brain in a powerful magnetic field, its powers of reasoning and learning are almost magically enhanced.

No one knows exactly how “transcranial magnetic stimulation” (TMS) works, but the Australian neuroscientist Professor Allan Snyder believes that magnetic fields in some way “switch off” the higher levels of mental processing that normally cloud our thoughts, allowing a “pure” form of reasoning to take over.

“Each of us could draw like a professional, do lightning-fast arithmetic,” he says. In fact, some subjects in TMS experiments have acquired (temporarily) similar abilities to the rare “autistic savants”, people who are able to perform astounding arithmetical feats and memorise whole telephone directories (an autistic savant was played by Dustin Hoffman in the film Rain Man).

In 2009, a US Academy of Sciences report concluded that within 20 years we could be using TMS to enhance soldiers’ fighting capabilities. As Professor Moreno says, “there is talk of TMS machines being used on the battlefields within ten years in vehicles and in 10 years more in helmets.” Why? Being a soldier demands a high level of technical expertise. It is no longer just a case of pointing a gun and shooting. Even combat rifles are now “systems” and mastering battlefield electronics requires a lot of training.

It may seem clear that if you could create a man with no scruples, who feels little pain and no fear, you would have an excellent fighting machine, but...

ROBERT DAVID STEELE: “WE’VE BECOME A LUNATIC ASYLUM.”
"The Secret Meeting that Changed Rap Music and Destroyed a Generation"

This anonymous letter landed in my inbox about a minute ago:

Hello,

After more than 20 years, I've finally decided to tell the world what I witnessed in 1991, which I believe was one of the biggest turning points in popular music, and ultimately American society. I have struggled for a long time weighing the pros and cons of making this story public as I was reluctant to implicate the individuals who were present that day. So I've simply decided to leave out names and all the details that may risk my personal well being and that of those who were, like me, dragged into something they weren't ready for.

Between the late 80's and early 90's, I was what you may call a "decision maker" with one of the more established companies in the music industry. I came from Europe in the early 80's and quickly established myself in the business. The industry was different back then. Since technology and media weren't accessible to people like they are today, the industry had more control over the public and had the means to influence them anyway it wanted. This may explain why in early 1991, I was invited to attend a closed door meeting with a small group of music business insiders to discuss rap music's new direction. Little did I know that we would be asked to participate in one of the most unethical and destructive business practices I've ever seen.

The meeting was held at a private residence on the outskirts of Los Angeles. I remember about 25 to 30 people being there, most of them familiar faces.

Speaking to those I knew, we joked about the theme of the meeting as many of us did not care for rap music and failed to see the purpose of being invited to a private gathering to discuss its future. Among the attendees was a small group of unfamiliar faces who stayed to themselves and made no attempt to socialize beyond their circle. Based on their behavior and formal appearances, they didn't seem to be in our industry. Our casual chatter was interrupted when we were asked to sign a confidentiality agreement preventing us from publicly discussing the information presented during the meeting. Needless to say, this intrigued and in some cases disturbed many of us. The agreement was only a page long but very clear on the matter and [consequences] which stated that violating the terms would result in job termination. We asked several people what this meeting was about and the reason for such secrecy but couldn't find anyone who had answers for us. A few people refused to sign and walked out. No one stopped them. I was tempted to follow but curiosity got the best of me. A man who was part of the "unfamiliar" group collected the
agreements from us.

Quickly after the meeting began, one of my industry colleagues (who shall remain nameless like everyone else) thanked us for attending. He then gave the floor to a man who only introduced himself by first name and gave no further details about his personal background. I think he was the owner of the residence but it was never confirmed. He briefly praised all of us for the success we had achieved in our industry and congratulated us for being selected as part of this small group of “decision makers”. At this point I begin to feel slightly uncomfortable at the strangeness of this gathering. The subject quickly changed as the speaker went on to tell us that the respective companies we represented had invested in a very profitable industry which could become even more rewarding with our active involvement. He explained that the companies we work for had invested millions into the building of privately owned prisons and that our positions of influence in the music industry would actually impact the profitability of these investments. I remember many of us in the group immediately looking at each other in confusion.

At the time, I didn’t know what a private prison was but I wasn’t the only one. Sure enough, someone asked what these prisons were and what any of this had to do with us. We were told that these prisons were built by privately owned companies who received funding from the government based on the number of inmates. The more inmates, the more money the government would pay these prisons. It was also made clear to us that since these prisons are privately owned, as they become publicly traded, we’d be able to buy shares. Most of us were taken back by this. Again, a couple of people asked what this had to do with us. At this point, my industry colleague who had first opened the meeting took the floor again and answered our questions. He told us that since our employers had become silent investors in this prison business, it was now in their interest to make sure that these prisons remained filled. Our job would be to help make this happen by marketing music which promotes criminal behavior, rap being the music of choice. He assured us that this would be a great situation for us because rap music was becoming an increasingly profitable market for our companies, and as employees, we’d also be able to buy personal stocks in these prisons.

Immediately, silence came over the room. You could have heard a pin drop. I remember looking around to make sure I wasn’t dreaming and saw half of the people with dropped jaws. My daze was interrupted when someone shouted, “Is this a f****** joke?” At this point things became chaotic. Two of the men who were part of the “unfamiliar” group grabbed the man who shouted out and attempted to remove him from the house. A few of us, myself included, tried to intervene. One of them pulled out a gun and we all backed off. They separated us from the crowd and all four of us were escorted outside. My industry colleague who had opened the meeting earlier hurried out to meet us and reminded us that we had signed an agreement and would suffer the consequences of speaking about this publicly or even with those who attended the meeting. I asked him why he was involved with something this corrupt and he replied that it was bigger than the music business and nothing we’d want to challenge without risking consequences. We all protested and as he walked back into the house I remember word for word the last thing he said, “It’s out of my hands now. Remember you signed an agreement.” He then closed the door behind him. The men rushed us to our cars and actually watched until we drove off.

A million things were going through my mind as I drove away and I eventually decided to pull over and park on a side street in order to collect my thoughts. I replayed everything in my mind repeatedly and it all seemed very surreal to me. I was angry with myself for not having taken a more active role in questioning what had been presented to us. I’d like to believe the shock of it all is what suspended my better nature. After what seemed like an eternity, I was able to calm myself enough to make it home. I didn’t talk or call anyone that night. The next day back at the office, I was visibly out of it but blamed it on being under the weather. No one else in my department had been invited to the meeting and I felt a sense of guilt for not being able to share what I had witnessed.

I thought about contacting the 3 others who wear kicked out of the house but I didn’t remember their names and thought that tracking them down would probably bring unwanted attention. I considered speaking out publicly at the risk of losing my job...
but I realized I'd probably be jeopardizing more than my job and I wasn't willing to risk anything happening to my family. I thought about those men with guns and wondered who they were? I had been told that this was bigger than the music business and all I could do was let my imagination run free. There were no answers and no one to talk to. I tried to do a little bit of research on private prisons but didn't uncover anything about the music business' involvement. However, the information I did find confirmed how dangerous this prison business really was. Days turned into weeks and weeks into months. Eventually, it was as if the meeting had never taken place. It all seemed surreal. I became more reclusive and stopped going to any industry events unless professionally obligated to do so. On two occasions, I found myself attending the same function as my former colleague. Both times, our eyes met but nothing more was exchanged.

As the months passed, rap music had definitely changed direction. I was never a fan of it but even I could tell the difference. Rap acts that talked about politics or harmless fun were quickly fading away as gangster rap started dominating the airwaves. Only a few months had passed since the meeting but I suspect that the ideas presented that day had been successfully implemented. It was as if the order has been given to all major label executives. The music was climbing the charts and most companies were more than happy to capitalize on it. Each one was churning out their very own gangster rap acts on an assembly line. Everyone bought into it, consumers included. Violence and drug use became a central theme in most rap music. I spoke to a few of my peers in the industry to get their opinions on the new trend but was told repeatedly that it was all about supply and demand. Sadly many of them even expressed that the music reinforced their prejudice of minorities.

I officially quit the music business in 1995 but my heart had already left months before. I broke ties with the majority of my peers and removed myself from this thing I had once loved. I took some time off, returned to Europe for a few years, settled out of state, and lived a ‘quiet’ life away from the world of entertainment. As the years passed, I managed to keep my secret, fearful of sharing it with the wrong person but also a little ashamed of not having had the balls to blow the whistle. But as rap got worse, my guilt grew. Fortunately, in the late 90's, having the internet as a resource which wasn’t at my disposal in the early days made it easier for me to investigate what is now labeled the prison industrial complex. Now that I have a greater understanding of how private prisons operate, things make much more sense than they ever have. I see how the criminalization of rap music played a big part in promoting racial stereotypes and misguided so many impressionable young minds into adopting these glorified criminal behaviors which often lead to incarceration. Twenty years of guilt is a heavy load to carry but the least I can do now is to share my story, hoping that fans of rap music realize how they've been used for the past 2 decades. Although I plan on remaining anonymous for obvious reasons, my goal now is to get this information out to as many people as possible. Please help me spread the word. Hopefully, others who attended the meeting back in 1991 will be inspired by this and tell their own stories. Most importantly, if only one life has been touched by my story, I pray it makes the weight of my guilt a little more tolerable.

Thank you.

It should now be obvious that the Deep State meticulously plan and surreptitiously advertise these False Flag Terror events YEARS in advance as you have now seen, therefore the urgency of Q’s appearance is because of the upcoming, NEXT one. It involves a tsunami just like the Japan one hitting the entire US East Coast. After that you would have hundreds of thousands of drowned ‘sheep’ (as they call us) reaching 7 stories tall in height. However he also says that the plan is ‘impossible to defend.’ One hopes that here he means that the perpetrators will not have a defense. Let’s hope so for all our sakes.
First Steps toward US Space Dominance

The value of outer space in future battle management in wartime for intelligence gathering, targeting, and weapons guidance, was lauded during the 2003 Iraq War. The US military makes no secret of its goal to become “Masters of Space.” It is clearly stated in the “Long Range Plan (LRP) of the US Space Command”.  

The US has recently deployed ground-based missile defense systems in Alaska and California, which are designed to impact missiles in outer space. Meanwhile, it is spending billions of dollars to research and eventually deploy anti-satellite and bombardments weapons in space. In addition to aspirations to explore innovations and extend defense planning horizons, as stated in the Plan, another justification for this expansion – Secretary of Defense Donald Rumsfeld’s invocation of a “space Pearl Harbor” – appears a thin argument for such expenditures of treasure and good will. This exceedingly fearful posture ignores the fact that the US has more than sufficient force to dissuade any nation, including China and Russia, from attempting such an attack. It also ignores multilateral efforts, strongly supported by China and Russia and by virtually all US allies and friends, to pass a treaty outlawing space weaponization. U.S. opposition to treaty based approaches to outer space was reiterated in the 2006 National Space Policy. Nor does the threat of terrorism justify the full weaponization of space, as terrorists have access to only the most primitive means of obstructing outer space activities.

Surveying land from Egypt to Iran—and encompassing the Fertile Crescent, the renowned cradle of civilization and location of some of humanity's earliest cities—the atlas reveals numerous sites that had been lost to history.

"Some of these sites are gigantic, and they were completely unknown," says atlas-team archaeologist Jesse Casana of the University of Arkansas, who presented the results. "We can see all kinds of things—ancient roads and canals. The images provide a very comprehensive picture."

"Militarization" refers to any systems that enhance the capability of forces in a conventional setting, such as intelligence, communications and surveillance. "Weaponization" is the physical deployment of weapons in outer space or in a ground mode where they can be used to attack and destroy targets in orbit. The United Nations Treaty on Outer Space prohibits the deployment of weapons of mass destruction in space, but the US has blocked efforts to ban space weapons outright. HUNDREDS OF PEOPLE SHAKEN AFTER ANOTHER MYSTERIOUS "BOOM" SOUND ROCKS PENNSYLVANIA

Mysterious sounds heard all over the world have researchers completely stunned. They've been happening for quite some time, with the latest example coming from Pennsylvania, with multiple towns being affected by these mysterious sounds, swelling their vibration and waking them up in the middle of the night. It wasn't long ago when residents in Alabama were left baffled when a loud boom resounded across much of the state.

Speaking to ABC 33/40, Bill Cooke, head of NASA's Meteorological Environment Office, said that the Alabama boom could have been caused by a super sonic wave, a ground explosion, or a ball lightning large that explodes in the atmosphere. The noise picked up by the US Geophysical Survey data suggests the boom was not the result of an earthquake. The boom may have been caused by a military flight of a supersonic jet, although the US Air Force did not confirm it.

The day after the boom in Alabama, a similar noise was heard in New Mexico. The year alone, similar noises have been heard all over the world, similar noises have been heard, including Michigan, Iceland, St. Ives, Swansea and Tuscany.

ARE THE MILITARY TESTING THEIR EMP TESLA LASER WEAPONS OR FLYING SECRET ANTIMAVITY CRAFT?

A loud explosion was reported in St Ives this morning, shaking homes and offices. Dozens of people have turned to social media to query the source of the so-called 'sonic boom'. Steve Cross, who owns Cross Estates in the town, said: "It was a massive explosion. Our office shook. I don't know what it is. A sonic boom, possibly."

"It happened at about 11-11.30am. The windows shook. Proper shake. The windows shook and doors shook. It was a big old bang. A single big boom."
Syrian President Says US Presidents Don’t Control Foreign Policy - The Deep State Does

In a recent interview with the Greek newspaper Kathimerini, Syrian President Bashar Assad said that it would be pointless to speak with Donald Trump about the current tensions between his country and the US because the foreign policy is not controlled by the president, but “the deep state,” and that “the president is only one performer in this theater.”

“The deep state” is a term that is growing in popularity, and used to describe the powerful interests that work to influence US policy, such as the military-industrial complex and the network of intelligence agencies that are far more powerful than any president, Assad specifically said that it was the military, financial and intelligence interests who make up the “real regime” in the United States.

When speaking about the potential of a meeting with Trump, Assad said:

“The first question you should ask is: What can you achieve? The other: What can we achieve with someone who says something before the campaign, and does the opposite after the campaign, who says something today, and does the opposite tomorrow, or maybe in the same day? So, it’s about consistency. Do they have the same

frequency every day, or the same algorithm? So, I don’t think that in the meantime we can achieve anything with such an administration. A further reason is that we don’t think the president of that regime is in control. We all believe that the deep state, the real state, is in control, or is in control of every president, and that is nothing new. It has always been so in the United States, at least during the last 40 years, at least since Nixon, maybe before, but it’s becoming starker and starker, and the starkest case is Trump.”

A large portion of Trump’s base voted for him because they were convinced that he would fight against the “deep state.” However, Trump has continued the wartime policies of Obama and Bush, despite making empty promises on the campaign trail.

Assad also spoke about how the US government uses chaos as a military strategy, saying that,

“The US usually has an agenda and it has goals. If it cannot achieve its goals, it resorts to something different, which is to create chaos. Create chaos until the whole atmosphere changes, maybe because the different parties will give up, and they will give in to their goals, and this is where they can implement their goals again, or maybe they change their goals, but if they cannot achieve it, it’s better to weaken every party and create conflict, and this is not unique to Syria. This has been their policy for decades now in every area of this world.”

To people who are victims of US foreign policy, many of the ideas that Americans dismiss as “conspiracy theory” are obvious truths and are openly discussed. Most of the world is well aware that US military action has nothing to do with humanitarianism, and everything to do with conquest and power.

The Pleiades (also known as the Seven Sisters and Messier 45) are an open star cluster containing middle-aged, hot B-type stars located in the constellation of Taurus. It is among the nearest star clusters to Earth and is the cluster most obvious to the naked eye in the night sky.

How a Small Nuclear Reactor Could Power a Colony on Mars or Beyond (Op-Ed)

By Patrick McClure and David Poston, Los Alamos National Laboratory | January 18, 2018

Patrick McClure is the Kilopower project lead at the U.S. Energy’s Los Alamos National Laboratory in New Mexico and chief reactor designer, also at Los Alamos. They contributed.

When we imagine sending humans to live on Mars, the moon or other planetary bodies in the not-so-distant future, a primary question is: How will we power their colony? Not only will they need energy to create a habitable environment, they’ll also need it to get back to Earth. For distant planetary bodies, like Mars, it’s inefficient to bring fuel for the trip home; it’s just too heavy. That means the astronauts need a power source to make liquid oxygen and propellant.

This is the man that coined Q’s term The Great Awakening. Wayne Herschel.
And here is the SECOND meaning for Q's: 'What is a LASER Pointer used for?'
Wayne Herschel discovered that ALL 50 Egyptian Pyramids (that is the entire length of Egypt from top to bottom) MIRROR the entire Milky Way. How is that possible? They are positioned to match all the constellations around Earth, even down to the size of the stars involved. Meaning a small star will be represented with a matching small pyramid, a big star with a big pyramid in perfect mathematical and geometrical alignment with the stars that make up constellations. Many of the constellations, if you join the stars/dots together using a LASER Pointer form shapes like animals. Hence the constellation of Taurus the Bull as an example. BUT...some of the stars represented with matching pyramid ruins cannot be seen with the naked eye and have never been able to be seen with the naked eye.......only with powerful Telescopes such as the Hubble Telescope..

Q has mentioned 'As the World Turns' over and over again...this is why....the constellation of ORION (also known as Orion's Belt and the Hunter (wearing his belt)), forms a cross shape when all its dots/stars are joined together using a Laser Pointer. It acts as a POINTER to one of THREE tiny EXOPLANETS that are located near the 7 DWARF PLANETS of the Pleiades. The brightest star in the Milky Way is called Sirius, and thus nicknamed SNOW WHITE. Therefore Snow White and her 7 dwarfs has ALWAYS BEEN SECRET CODE for the star Sirius and the 7 dwarf planets of the Pleiades. An exoplanet is a planet not in our Solar System. The 3 exoplanets in question, that each have their own sun just like we have our own sun, are positioned in space to form a triangle shape. The one positioned at the BOTTOM is the one of extreme importance.

As the World Turns is Latin for the Globus Cruciger which is held by a Monarch or Pope. It is a Monarchy Power Icon. The rounded part represents our Earth, the cross part the constellation of Orion while the 7 pearls on top represent the 7 dwarf planets of the Pleiades. It is basically an Elite, Secret Icon concealing the WORLD's BIGGEST SECRET. It acts as a MAP -Q's Map- pointing to this one, very special Exoplanet that has its own Sun and is historically called Sol 1 with its official Astronomical number HD283271. This is Q's Tiny Tiny world....You will find out shortly what the big deal is about this tiny, tiny world!
It is also the Freemason’s BIGGEST SECRET (which nearly all of them (99.99%) know NOTHING about). Below is a recently released Masonic document which depicts the 3 exoplanets with their own suns. You can see the top right hand one is by 7 stars that represent the 7 dwarf planets of the Pleiades. The all important SOL 1 is represented at the top of the ladder. The 3 Pillars act as pointers/markers to the 3 exoplanets: -3 pillars= 3 exoplanets. The Rothschilds made sure they got their hands on all the most important, historic documents to ensure the secret would never be revealed....Trouble is Wayne Herschel archaeoastronomer, researcher extraordinaire worked it out all on his own about 20 years ago, and has been trying to reveal it publically ever since. The 3 exoplanets are collectively called a Trinity which simply means 3.
This is the 'map' that Q is referring to. The Rothschild's huge secret since they own and control all the ancient artifacts and documents. This is the secret that will put 90% of people in hospital with shock.
Marina Bay Sands is an integrated resort fronting Marina Bay in Singapore. It was opened in 2010 and is billed as the world's most expensive standalone casino property at $5.7 billion including the land cost.[8] The resort includes a 2,561-room hotel, a 120,000-square-metre (1,300,000 sq ft) convention-exhibition centre, the 74,000-square-metre (600,000 sq ft) The Shoppes at Marina Bay Sands mall, a museum, two large theatres, “celebrity chef” restaurants, two floating Crystal Pavilions, art-science exhibits, and the world largest atrium casino with 500 tables and 1,600 slot machines.

The complex is topped by a 540-metre-long (1,770 ft) SkyPark with a capacity of 5,900 people and a 150 m (490 ft) infinity swimming pool, set on top of the world's largest pair of cantilevered platforms, which overhangs the north tower by 67 m (220 ft).[9] The 20-hectare resort was designed by Moshe Safdie, architects.[10] The architecture was Aedas,[11] and they were responsible for employing all consultants and for developing, co-ordinating and implementing the design. Engineering was provided by Arup and Parsons Brinckerhoff (MEP). The main contractor was Ssangyong Engineering and Construction.[12]

VERY IMPORTANT:

WAYNE HERSCHEL—Author of THE HIDDEN RECORDS, Archaeoastronomer, Historian, Scholar, Researcher and Expert in decoding/deciphering ancient glyphs, texts, scrolls, and seals, has had to present his earth shattering work and discoveries in a deliberate, low key way possible, to enable it to reach only a few people at a time, in order to avoid being shut down altogether by those that don’t want you knowing about it.

Following the SELF-PUBLICATION of his only book The Hidden Records in 2003, (using private investors), whose findings slowly spread word of mouth, his 15 years worth of stunning, follow up material appears on his website thehiddenrecords.com, which is camouflaged as a colourful, new age website in appearance so as not to be taken seriously by those who do not realize what is really hidden there. As a personal safety protocol it is a desperately sad strategy which has been very effective so we are blowing it open. The secrets are spread about the interlinking articles, with deliberate repetition, editing and spelling errors.

The sequel to all of this work is then tied together with startling, irrefutable evidence in his PDF Book: The Alpha Omega Taurus Star Gate Revelation.
It makes for the most uplifting, fascinating and compelling read you will ever experience.

Several thousand people, most of whom are outside of the USA, have had full access to this work, so it is high time the doors are opened to everyone else.

Wayne Herschel P.127 PDF Book: The Alpha Omega Taurus Star Gate Revelation.

"All that I learned from this light source I make freely available to bring it forward. I had to strive to secure copyright definitions on it to avert it being smeared and tarnished. Everything I learned there, and about it in earliest history led me to finding a safe way that one can measure and present everything about it.

SAFE PRESENTATION PROTOCOLS It has been a risky journey so far on this quest writing on a forbidden topic. I could write a book on just the interference and losses this project has endured. I keep only these matters on record for legal purposes and have no intention of revealing anything ever endured. Since I am no scholar by any means, a first safe mode protocol chosen has been the popular less serious New Age-style formats you see in my presentations. A second safe mode style chosen has been the use of very arty graphics that Scholars would never ever consider.

The writing style protocol is another that needs mentioning. It must remain easy to comprehend whilst avoiding a 'scholarly' tone.

More often than not, to the horror of my co-writers involved, I have thrown in masses of my poor writing style so the powers that be would be less inclined to take action in the interference of my work that can hence be taken less seriously.

Only important pieces of material would get their 'special edit', so apologies in advance for a lot of my errors and some intentionally semi-encoded oddly worded segments. Also, my intentional irritating repetitive material that I am guilty of inserting to an already edited portion of work. It is all an intentional SAFE protocol since we have to be as safe as possible on this daunting quest.

I set off with a secure protocol and safest possible modus operandi compared to the thousands before me who have most likely been murdered for this same quest. I was driven with this sense of responsibility to show references how to measure it all and compare it to the historical remnants of definitions of everything that is found in the mysteries of civilizations and Creation claims made all over the world."

I believe the seven-pointed star in the 'Hierem Ahiif star map' celebrates its close proximity in the sky to the seven stars of the Pleiades. I also believe there could be a connection here to the crown of the seven points of light seen on the statue of Liberty in the USA.

Thanks to modern satellites & computer star mapping programs, one can now know what our Earth & Sun look like from any position in outer space.

Great Pyramid of Giza discovery: 2,500 year old burial site and rare artefacts revealed

THE GREAT PYRAMID OF GIZA has remained one of the biggest mysteries in the world, but a new discovery surrounding the pyramids has revealed a burial site over 2,500 years old and a rare silver mask.

By Kara Godfrey PUBLISHED: 17:46, Mon, Jul 16, 2018 | UPDATED: 20:41, Mon, Jul 16, 2018

The Great Pyramid of Giza, found in Cairo, Egypt, is home to a number of mysteries regarding its origin and its design. A recent discovery by a team of archaeologists from Egypt and Germany has revealed an ancient burial ground.

It is thought to date back 2,500 years, Antiquities Minister Khaled al-Anani explained in a press conference.

“A joint Egyptian-German mission of archaeologists have discovered a new meter-deep shaft dating back to the 26th dynasty,” he said, reported Reuters.

“This is the beginning of a new discovery... we still need a lot of work in the site.”

Great Pyramid of Giza: A 2,500 year old burial ground has been discovered in Cairo (Image: Getty)

The discovery was made near Saqqara, an ancient burial ground, found in the south of Cairo. It is located in Memphis which was the first capital of ancient Egypt and a UNESCO World Heritage Site and also home to the three pyramids of Giza.

Archaeologists found a mummification workshop which can be used to learn more about the origin of the oils used to mummify the dead.

It could go as far back as 264 BC with other discoveries including statues, jars and vessels.

A shocking discovery was of a silver mask gilded with gold, only the second time a rare silver piece has been found.

Khaled al-Anany confirmed: “This object is very rare, to have a silver mask gilded with gold, and as Ramadan mentioned now, we have only two of this kind, so it is a very nice discovery.”

The discoveries will later be placed at the Grand Egyptian Museum, which is still being built.
More is expected to be found as the area is excavated further. The new discoveries are hoped to entice more tourists to the region as the country has struggled. A 2,000-year-old tomb was recently opened in Egypt which is rumoured to be Alexander the Great. Located in the city of Alexandria in the Sidi Gaber district, it is the largest sarcophagus to be discovered there. It dates back to 305BC with the corpse still in the same position.

A black granite sarcophagus that measures 9.5ft long has been uncovered deep within the ground of an Egyptian city. The ancient mummy dates back to the Ptolemaic period between 305BC and 30BC. It was dug up and delicately removed from the ground more than two weeks ago. Archaeologists have carefully tried open the ancient artefact, and have been amazed by what they've seen.

Who is inside the 2000-year-old tomb?
The mumified bodies of three skeletons and foul smelling sewage water were found when archaeologists opened the coffin. This sarcophagus is the largest ever to be uncovered in the city of Alexandria, where ancient ruins are rarely found.

"We found the bones of three people, in what looks like a family burial... Unfortunately the mummies inside were not in the best condition and only the bones remain," said Mostafa Waziri, secretary-general of the Supreme Council of Antiquities. Construction workers first made the discovery, before archaeologists took over the excavations. They have also unearthed the alabaster head of a man, which could possibly be the tomb's occupant.

A lack of inscription inside the tomb means that telling who is inside is left down to science. The tomb was found 16 feet underground, and luckily, no ancient curse was unleashed after opening the artifact.

Mr Waziri declared: "We've opened it and, thank God, the world has not fallen into darkness.

"I was the first to put my whole head inside the sarcophagus... and here I stand before you... I am fine."

Could the mummy be Alexander the Great?
Due to the size of the sarcophagus, speculation of whom it holds has been rife. Many believed the eerie ancient coffin could hold the bones of Alexander the Great. However, the discovery of this mysterious sarcophagus could reinvigorate interest in the hunt for the final resting place of Alexander the Great. The ancient Greek king's burial place has been so far lost to history.

He was a member of the Argad dynasty and died at the age of just 32 in 323 BC.

It would have been a find-of-the-century level discovery if tests prove the lost Greek lies in the sarcophagus.

However, experts believe that the skeletons belonged to three soldiers.

UFO Hunters Discover 'Castle Ruins' On Mars

There are not buildings on Mars. But that doesn’t mean we can’t pretend there are by drawing squares around conventionally shaped rocks and giving them a 97% chance of being evidence of alien civilizations.

That’s just what UFO Sightings has done over this set of pictures taken by the Global Mars Surveyor Mission (a mission which ended in 2006).

Everyone’s favourite hyper-optimistic UFO website suggests the buildings “over millions of years in space, they get covered by cosmic dust particles and get buried”. That’s why they look so much like, you know, rocks.
Here is the second meaning behind Q’s MOAB! It was the ancient name for a part of Jordan (near the Israeli border) where Wayne Herschel discovered a gigantic FACE that is identical in geometry and proportions to the one on MARS...

Scholars do not recognise this mound as a face. However, they agree that it is a Bronze Age mound hill that they say is over 5000 years old. Still it remains a ‘mystery’ to them as to what this mound represents. What is more, it turns out to be the location where they found the earliest usage of the word that became accepted as ‘God’.

There was something more... something just as mind-blowing. My researcher colleague Martin Molnar-Göb found that Succoth the name is apparently named after a star constellation... the Pleiades! ref.
What is a legend? Why is a legend useful?

**THE HOLY GRAIL & SOLAR TRINITY DISCOVERY**

**AUGUST 2014:**

The Holy Grail legend is believed by millions to be a single chalice once tied to the Christ story that had some magic and powers. Once reading the history here you will probably begin to see every piece of the evidence on it appears designed by the powers that be to steer truth seekers off track from its secret.

But it truly does hold something much bigger and human uplifting that CAN change the world.

With great importance and the feeling of an overwhelming sense of responsibility, the time has come to reveal this mystery of 'The' Holy Grail.

I am aware there is already an 'official denial' protocol where any material that supports claims that we are not alone in the universe is outright rejected without reasons given until further notice by our powers that be.

This claim does cover sensitive material and I ask those of sensitive religious belief to be open minded to the purity that dwells in these hidden records.

The Holy Grail knowledge IS something that can create WORLD PEACE that the Christ no doubt also taught. The ritual teaching of what is meant by the Grail in heavenly communion is at hand here using a special designed chalice in a celebration of a human uplifting truth, the genesis of a holy bloodline proving ALL humanity are EQUAL and SACRED, because the star map evidence appears to have been given to ALL ancient civilisations by heavenly visitors. This is the greatest hidden secret on Earth.

They answer the mystery of the Solar Trinity legend.

There is a special gland that sits at the center of the brain called the pineal gland. In ancient cultures, it was known as the “third eye.” It is believed that the pineal gland could expand your consciousness, allowing you to transcend consciousness on the physical plane and merge with God on the spiritual plane. The pineal gland has more to do with the seat of the soul and consciousness than the actual brain, and thus, this type of experience with the pineal gland could expand your consciousness. At least this is what the spiritual men of many ancient cultures believed, and since even modern medicine still sees the pineal gland as an enigma, it wouldn’t be so quick to pass this off as ancient hogwash. We do know that the pineal gland regulates the body’s circadian rhythms and all of its natural hormones through its interconnection with the brain. It is the center for the power of thought.

Two domed ship cases now are in contention with structural support beneath it and all the symbols explaining identical record as Deir el Medina.

It has the flock of birds on the front representing I believe the Pleiades of the ship and the Bull head of Taurus. A little more in the reasoning of the birds position as a cluster in context with the bull is that the pleiades cluster really is in this position with the bull's back in the sky.

The rope tethered cords are on the bull as previously and the ship rides its raised terrafirma 'floating' platform with feather of Maat truth and wisdom symbol. The whole ship again associated aboard a cosmic serpent. Riding a wormhole and passing through the opening veil as described earlier.

If the grand secret involves extraterrestrial beings that once arrived on this world (our human ancestors from another star system) then did Washington leave any other clues proving how they got here? George Washington has presented so many clues that it is certain he wanted people of the future to crack his code. Did George Washington have ancient knowledge that also included the celestial ships of the gods?
Below scholar Mauro Biglino explains about his 30 years of work translating 23 books of the Bible (for the Vatican publisher), literally from the original Sumerian pictoglyphs and Amorite language once spoken in MOAB, which as we know was the ancient name for what is now Jordan by the Israeli border and where archaeoastronomer Wayne Herschel discovered the 'FACE.' Mauro's findings completely compliment and support Wayne Herschel's findings, and were controversial enough for the Vatican to suspend publishing his (Mauro's works) after 17 books. Out of HIS 23 books of translations 'they' only released 17. He translated the Sumerian pictoglyph RUASH to mean 'wind' or anything flying in the air quickly and causing wind- meaning an antigravity flying disc...The current, deliberately mistranslated word is spirit (as in spirit of God)...
What will the texts reveal?

MOAB or precursor?

Mauro Biglino translated 23 books of the Bible for the Vatican. He had to translate the Leningrad Codex (the version of the Bible which all three major monotheistic religions - Christian, Jewish and Muslim - recognize as the official Bible) from the Hebrew, word by word, literally and with no interpretation whatsoever. That is to say, he's not a wannabe kabbalist, conspiratorial or ufologist, since the official publishing organism of the Vatican approved and released those books, at least 17 of them. While working on the Bible, he realized that many of the stories this book tells were mistranslated, misinterpreted, mostly on purpose, in order to insert the notion of a spiritual all-mighty and unerring God. The picture he gives us of the bestseller of all times is surprisingly different from what we all were told. Actually, as soon as he released "THE BOOK THAT WILL FOREVER CHANGE OUR IDEAS ABOUT THE BIBLE - THE GODS COMING FROM SPACE" the Vatican suspended all further publications of Mauro Biglino's works. Let's discover why.

REMEMBER: MOAB IS THE FORMER ANCESTRAL KINGDOM OF WHAT IS NOW JORDAN & WHERE AMORITES SETTLED & SPOKE AMORITE.

Mauro Biglino is an Italian scholar in religious studies, for about thirty years he has been researching the so-called "sacred texts" in the belief that only knowledge and direct analysis of the ancient writers' message can lead to true and profound understanding of the religious thought expressed by humanity.

The later theological elaboration, when God's figure was created, led to attaching to RUACH the meaning of spirit that's how the RUACH was represented in the Sumerian pictograms, because this word isn't Jewish but of Sumerian origin. That's why my notes translate the first RUACH as "spirit" and the RUACH of the Hebrews came from an antigravity flying disc.
In this extraordinary next sequence from MAURO BIGLINO’S presentation, he then discusses how the VATICAN, quoting from the last edition of the LEXICON RECENTIS LATINITATIS, published by the LIBRERIA EDITRICE VATICANA, confirms the ‘RUACH’ SPACESHIP translation and meaning, by inserting and listing:

'NAVIS SIDERALIS'= STARSHIP
'AERIA NAVIS'= AIRSHIP
'AEREAUS VIATOR'= ASTRONAUT
'R.I.V'= RES INEXPLICATAE VOLANTES, meaning UFO (Unexplained Flying Object).

Then he continues by explaining the Biblical origin of the word 'HOLOCAUST' which he translates as meaning a BURNT ANIMAL OFFERING INCLUDING ITS FAT, and how the people offered it up to the visiting (human flesh and blood) Space Travellers (ELOHIM), worshipping them and considering them ‘GOD.’

He goes on to explain that the ELOHIM found the smell of the burnt offerings very appealing and soothing, because it reminded them of the smell of SPACE.

He concludes by explaining that at a conference that he attended he discovered that NASA commissioned a UK Perfume Company called OMEGA to produce a perfume that replicated this very same smell, in order to prepare Astronauts for the smell of SPACE, because, apparently, SPACE has a very strong and overwhelming smell/odour of burnt flesh or fried steak.

FLYING DISC SHIP
The image below is a recreated portrayal of the Biblical epic of Ezekiel and his flying wheels within wheels:

WWW.ONEISM.ORG WAYNE HERSHEY

In Ezekiel chapter one it begins with these critical pieces of evidence as to what was seen in the sky:

"Each was a wheel within a wheel, that did not turn, BOTH upon their SIDES". 1:16,17 (Here is the ultimate description of a flying disc, not like wheels that run upright... they were on their sides in the sky!)

The text shown here is from editions of the Bible predating the year 1900. Scholars believed it was important to be changed! It reads in modern Biblical accounts now as a wheel INTERSECTING a wheel! How can this be allowed!

The balance of evidence is as follows with page references:

"There were crystal domes on the top of the flying wheels". 1:26 (firmament stretched forth over the beings heads).

"The rims of the wheels had eyes all around them". 1:18 (The edge of the flying disc rim perhaps describing illuminated port holes as seen in modern sightings).

"The strange fire beneath them was cold". 1:4, 10:2 (Common in modern sightings).

"Each produced a cloud and bright rainbow colour" 1:4, 1:28 (Common in modern sightings).
"Each of the four flying Cherubim made sounds like running water" 1:24 (Important ref to the same entities as my experience).

"There was 'something' that 'resembled' MEN (plural) on thrones on top of the four crystal domes" 1:26 (cannot possibly be God if there were four of them, but more importantly it was a shape that merely 'resembled' a man!)

The text shown on the Ezekiel Biblical epic image here is direct referencing of lines taken from copies of the Bible that were in circulation over a century ago. One has to question who and why the alteration was made in recent editions. The flying wheel within a wheel ‘both’ on their ‘sides’ is no longer a flying disc if it becomes a wheel INTERSECTING a wheel. Do religious authorities have the right to change it to be different to the flying discs of Egypt or Sumer, or are they trying to make their holy account different to the flying discs of other holy books? Perhaps more importantly they are trying to make it different to what many believe is the ultimate cover up conspiracy theory: Worldwide governments agreeing to hide all records of a secret truth, ... the subject of UFO’s.

The Secret of Sion represents the culmination of William’s unique search in Gnostic literature and sacred art that maps the path, called the Way of Light, that leads to the gate of heaven. His quest led him through the worm hole, where he entered into the promised land of Sion, a place at the center of our galaxy that is inhabited by ascended humans. His journey is presented as an invitation to follow his path in the form of the greatest collection of third eye opening and soul rising ascension art ever assembled, one that illuminates the esoteric mysteries of the greatest cosmic story ever told.

The Secret of Sion reveals:

- Jesus is an avatar of a race of advanced and wise humans, known as Perfect Light Humans, who dwell at the center of our galaxy and travel via wormhole to and from this cosmic center.
- Jesus will return the same way he left, via a stargate.
- Members of the race of Perfect Light Humans have remained on earth for thousands of years. They are known as the most ancient of aliens.
- The Magi are representatives of the Perfect Light Humans.
- The Kit, an ascension art form in a Stargate technology called the Star Crown (of Rose Thorns), a mysterious anointing oil and a robe of light called the Beaming Garment.
- The Kit is periodically remembered in preparation for the return of the Avatars of Sion.

*Sign is rising and with it a new, new world order.*

The connection between the Mayan image of the serpent rope from the center of the galaxy and Christian Last Judgment art that shows a serpent linking earth and the Throne of God has been revealed. The old ways, the old days are over. Humanity is crossing a threshold and emerging into the light of Sion. It’s time to put our back behind us and embrace the Way of Light. It’s time to reveal The Secret of Sion.
They are inter-dimensional beings who came from an otherworldly holy place called Sion.

They crossed a forbidden barrier, transformed or morphed into human form and freely mingled with humans.

They intervened in human affairs.

They created a hybrid race with humans.
This is very curious. If you remember Q's post concerning ZEBRA ZEBRA where former President George W Bush was in a children's classroom when he was notified of the 9/11 attacks taking place.

At the precise moment the towers were being 'hit', the children were being made to recite words written on their teacher's board:

**KITE** HIT STEEL PLANE MUST.

The words have since been altered- you can clearly see where the word 'plane' has been photoshopped to now read 'playing,' 'hit' with 'kit,' and 'steel' to read 'steel.' But the audio recordings reveal the original words being chanted...

This post was decoded as identifying the attacks as being a Satanic Ritual.

The Author, Cynthia Hamil, whose article was used for the decode, points out that the word 'kite' apart from meaning a type of cheque fraud known as kiting, where, interestingly Donald Rumsfeld announced the day before 9/11 that $2.3 TRILLION was missing from the Budget, also has multiple spellings and esoteric (obscure) meanings.

C.H: "**KITE** is also an Egyptian bird that was linked with (the goddess) **ISIS**. ISIS is said in Egyptian Mythology to have taken the form of a 'kite' in various situations in order to resurrect the dead."

Author William Henry, in his many works decoding global, historic art, has discovered that the Ark of The Covenant which resembles a golden box, cube or footstool, is actually esoteric code for a fully operational 'STARGATE' where, before death or upon death, human beings can/do ascend a cosmic wormhole or light beam to return to and connect with the ultimate Creator.

In order to achieve this (before death) he believes a very specific 'beaming' garment, rod and special 'oil' was required.

He names the Ark, complete with this garment, rod and oil, the **KIT,'** as in tool kit.

He speculates that the Deep State Elites are only interested in accessing the 'STARGATE' because they wish to summon/commune with Satan who they believe is the Ultimate Creator. They want complete power and control over all of us. And because ALL the various end time religious beliefs involve the return of the Creator ONLY when the world is in complete war, suffering, chaos and turmoil, they want to create human sacrifice, chaos and turmoil utilising gross, false flag events to speed up the return of their 'God' Satan...

Just like the ‘real’ and innocent meaning of the 33rd and 666 was secretly encoded to mean something completely different (and negative) by the priesthood/monarchy/Elites; the same occurred with the Goat Headed ‘Baphomet’ Symbolism & Pentagram.

The truth of what it really means is the polar opposite of evil and proved historically from ancient texts, seals and other artifacts, but the deep state are desperate to maintain the secret from the masses. Many, if not most of the Satanists themselves will also have no idea that Baphomet has a sacred and honorable meaning.

It represents a feminine deity (hence the breasts) symbolically/metaphorically birthing/encoding ‘Mans’ human blueprint code and form during Mans’ first arrival on earth.

The elites wanted a male dominant hierarchy & system so they placed a ‘goat’ head on the deity and literally demonized it.
DEMONS = STARS. THE ELITE CONTINUED TO CONCEAL THE SECRET BY GIVING THE STARS DEMONIC NAMES SO EVENTUALLY THE 'STAR MEANING' BECAME DEMONIZED.

"BIND THE DEMONS"... UNLOCKS THE SOLOMON KEY SECRET

The Testament of Solomon manuscript speaks of the hidden knowledge in unlocking King Solomon's secret, and is without doubt of the very same theme with the talisman parchment with the lost symbol. I had realised that the ancient Hebrews encoded this manuscript with the complete layout of the star constellations using fictitious demonic characters. In much the same way as I had discovered in my book that...

50 pyramids of Lower Egypt are a group of joining constellations, so too are the 'demons' encoded in the Testament of Solomon manuscript.

To present it as 'work of the Devil'.

In fact, the very word 'demon' I have discovered actually has ancient Hebrew ties in the earliest Testament of King Solomon book which I discovered means... 'stars'!

We have been lied to for so long it seems. I have an article on the Solomon Key star map where King Solomon uses his ring with some sort of laser device and he teaches about following the stars of 'Ormis' (Orion) and seven 'demons' in Taurus (Taurus) to measure his house in the heavens.

"Demons" in this context are not evil spirit demons as one would imagine. The ancient scribes were telling the secret with a 'story' but for their Elite society encoding the stars and their names and positions, the secret is

He is believed to have had a paranormal encounter with beings not of the earth that is written of as some sort of angelic encounter and if true these beings not of this Earth no doubt showed him the hidden truth of the Christ story ref.

The 'angel' showed Constantine and his army one night where the Cross of Christianity resides and pointed to the sky. The image below of an old manuscript with the lamb of God on the hill of Zion defines the real Cross of the churches and the sun star and its crescent world associated with it.

It is compared to a 6000 year old petroglyph in Europe that Mártón Molnár-Gób of Hungary decoded that shows how Orion is a cosmic signpost using Orion's Belt alignment direction showing the way to the place of the star visitors. The references and comparison to something identical in Hinduism history is here ref.
This image is where Q mentioned PEOC. This is one of its three meanings—the most important one. It demonstrates that during that period, anybody trying to reveal the 'MAP' secret was literally murdered on a cross that symbolised the 'MAP' as a warning to others. You can see that it has the exoplanet in crescent (meaning its sun is behind it) with the 7 stars representing the 7 Pleiades. The most famous person to be
murdered on it is of course Jesus. He clearly upset the earliest BANKSTERS of his day when he entered the Temple and overturned their tables in anger.

The HALO with the face in front of it means SOL 1, whilst the upwards pointing 'HAND GESTURE' means -Man is from Sol 1..and can you see the top character is holding a book that depict the ALPHA & OMEGA symbols clear as anything!
And now for the real meaning of Christmas Day. In Washington D.C and Rome, late 24th December is when the perfect astronomical alignment is achieved with Orion's Belt Stars aligning 33 DEGREES with SOL 1 just below the Pleiades. The celebration was honoring Mankind's first EARTH arrival from SOL 1, which is why the Day was called SOL INVICTUS, until Constantine changed it to Christmas Day to try and conceal the secret and keep control of the MASSES.
If you remember the Egyptians called the Goddess depicting the Milky Way Star Map -NUT. It is metaphoric. The womb terminology means 'Mankinds' birthing/first arrival from SOL 1 (that forms a triangle with the other 2 exoplanets, and therefore resembles a womb shape). It's fascinating to discover that the chequered tiles on the Freemason Map are secret code for TIME Markers i.e. each tile represents a measurement of time, so an
Astronomer can calculate (by then Star positions) when this first Earth Settlement occurred. Note they are 13 tiles wide, so there you have the real meaning behind the number 13. And the Deep State mockingly have Police Officers all over the world displaying a chequerboard strip on their hats/caps with no idea what it means.

IT MUST BE POINTED OUT THAT 99.99% OF CURRENT 'Masons' DO NOT ENGAGE IN THESE TERRIBLE CRIMES,-NOR-DO THEY KNOW THE REAL 'STAR MAP' SECRET...

THIS FACT IS CONFIRMED IN THE PROTOCOLS OF THE ELDERS OF ZION... BUT THEIR MEMBERSHIP ALLOWS THE PERPETRATION OF EVIL ACTS IN THEIR NAME AS A CONSEQUENCE..A FACT THAT SHOULD OUTRAGE THEM ONCE THEY FIND OUT......

The Ultimate monument of Ra in Egypt and in DC

Most people think the Sphinx or the Great Pyramid is Egypt’s ultimate monument. That is completely incorrect. The Ra Obelisk was once the only monument to be capped in gold.

I offer this final piece of the hidden records of history fitting the same mystery of the lost meaning of the pyramids with their star connection. All 50 of the pyramids of lower Egypt map out a string of constellations and the proverbial “x” that marks the spot is the grand obelisk of RA and it is placed dead centre… in the pyramid field!
This is stunning. Why? Because the newly built DUBAI in the United Arab Emirates (UAE)
has had Q's Map included as part of the layout, in a massive way. Is it the New Babylon since it is a honeypot magnet destination for the Elite and swarms of desperate prostitutes, having been constructed using Indian/Pakistani/Philippino slave labour.

VIDEO OF TRUMP’S "NORAD TRACKS SANTA" CALL ASKING A KID ABOUT CHRISTMAS IS SO UNCOMFORTABLE

IF YOU’RE SEEKING A DASH OF AWKWARD TO SPINKLE OVER YOUR HOLIDAY, LOOK NO FURTHER. YOU MIGHT WANT TO WATCH THIS PRETTY WEIRD VIDEO OF THE TRUMP’S WISHING KIDS A MERRY CHRISTMAS ON THE PHONE VIA NORAD, THE NORTH AMERICAN AEROSPACE DEFENSE COMMAND. NBC NEWS SHARED THE PECULIAR VIDEO ON TWITTER ON SUNDAY, ELICITING REMARKS FROM SOCIAL MEDIA USERS ABOUT THE SLIGHTLY STRANGE NATURE OF THE CLIP.

AT FIRST, IT SEEMS LIKE TRUMP IS JUST POSING FOR THE PRESS POOL AS THEIR PROFESSIONAL CAMERAS CLICK OFF. BUT THEN YOU CAN HEAR THE PRESIDENT SAY, “GOOD, GOOD, OK, HI. CASPER. YOU’RE FROM VIRGINIA, RIGHT? SO, WHAT DO YOU THINK SANTA IS GONNA BRING YOU?” LITTLE CASPER FROM VIRGINIA APPARENTLY TELLS TRUMP THAT HE WANTS BUILDING BLOCKS THIS CHRISTMAS BECAUSE HE LOVES TO BUILD THINGS. “OH, BUILDING BLOCKS, THAT’S WHAT I ALWAYS LIKED, TOO. I PREDICT THAT SANTA WILL BRING YOU BUILDING BLOCKS. SO MANY YOU CAN’T USE THEM ALL.”

Perhaps the reason why the video seems a little off is because, well, the body language between both the president and the first lady doesn’t seem Christmas-y. The first lady can be seen sitting with her body in the complete opposite direction of her husband as she speaks in low tones on the phone. Trump’s voice, however, seems to echo.

ARE THEY BUILDING BLOCKS AS IN CITY BLOCKS?...

Perhaps the reason why the video seems a little off is because, well, the body language between both the president and the first lady doesn’t seem Christmas-y. The first lady can be seen sitting with her body in the complete opposite direction of her husband as she speaks in low tones on the phone. Trump’s voice, however, seems to echo.

CARRYING THE CONVERSATION ON WITH THE CHILD, TRUMP THEN ASKED ABOUT WHERE HE THINKS SANTA CLAUSE WAS. CASPER APPARENTLY ACKNOWLEDGED THAT THE SANTA CLAUS WAS IN ARIZONA. “WELL, YOU’RE CLOSE, YOU KNOW WHERE HE IS?” CAMERON. YOU KNOW WHERE CAMERON IS? YOUR MOM WILL TELL YOU,” TRUMP SAYS.

FOLLOWING THE TRADITION OF TRYING TO FIND WHERE SANTA IS, THE TRUMPS REPORTEDLY TOOK A TOTAL OF 15 CALLS FROM CURIOUS CHILDREN.

According to Senate subcommittee testimony last week, nearly 1,500 immigrant children were lost in government arranged foster homes last year, with the suspicion that many of them were kidnapped by human traffickers.

During the hearing, Senator Heidi Heitkamp of North Dakota told child protection representatives with the Health and Human Services Department (HHS) that they were "the worst foster parents in the world."

"You are the worst foster parents in the world. You don't even know where they are. We are failing. I don't think there is any doubt about it. And when we fail kids that makes me angry," Heitkamp said.

Many of the children are still unaccounted for, but some of them who have been found were held captive by human traffickers in terrible conditions.

What I’ve learned so far from living in a Mars simulation | Aeon Essays

12 Feb 2016 - Mauna Kea, with its corona of telescopes, is visible in the background. Photo by Sheyna Gifford. Sheyna Gifford ... Five months after 'landing on Mars', my day begins in a white dome in the middle of a red lava field, and I wonder: do we have enough power to turn on the heat?

Let's be clear: simulated Mars (or sMars) is technically your world. The six of us landed on the big island of Hawaii in late August 2015. A few days of training later – this is how you use the power systems, that is the right way to tap on the water tank, here is how to get into a spacesuit without dislocating anything – the door to the airlock shut, and we were 'off planet' for a year and a day, camped on the slopes of Mauna Kea. As simulated astronauts, we are a deliberately diverse crew: a space architect, an engineer, three scientists and a crew doctor (me). When we emerge on 28 August 2016, we'll be veterans of the longest NASA-funded Mars simulation in history.

At first, our mission garnered only modest attention. Then *The Martian* was released, and all heck broke loose on sMars. The media came calling, only to be stymied by our mission’s inability to use a telephone. For this entire year, we are on a 20-minute communication delay, which applies in each direction, reflecting the maximum light-time travel between Mars and Earth essentially, how long it takes a message from one planet to reach the other when the two are as far apart as they can be. For good and ill, we can’t take calls or have Skype interviews; we can’t do live media appearances; can’t be filmed, photographed or recorded in any way, except by ourselves.
Rapid-fire space station crew swap on tap

In a rapid-fire end-of-year crew rotation, a Russian cosmonaut, a NASA astronaut and an Italian flier plan to close out a 130-day mission aboard the International Space Station with a fiery plunge back to the frigid steppe of Kazakhstan aboard their Soyuz MS-05 spacecraft early Thursday.

For Tingle, getting to carry out research in space is the main objective.

"At any given time, there's on the order of 250 experiments that are happening on board space station," he said. "It's a very busy laboratory. Some of the specific human research that I'll be working on includes a look at the spine. When we get in space our spines extend a little bit, and so we're trying to see what the big impacts are."

"We also take a lot of blood, a lot of urine, a lot of fluids to try to see what's going on within humans when they get into space."

He also will take part in an experiment to remotely control a robot in Germany from his perch aboard the space station.
"The one experiment I’m really looking forward to is operating the robot named Justin in Munich," Tingle said. "This program is set up to simulate operating a robot on the Mars surface as our space vehicle is orbiting Mars so that we can explore before we actually put boots on the ground.

"So we’ll be trying to control a robot in Munich with a controller up on the International Space Station to simulate that entire process. I think that’s some really cool operational research."

Along with a full slate of experiments, two spacewalks are planned Jan. 23 and 27 to continue ongoing work to replace the grapple-like "hand" on one end of the station’s robot arm. A Russian Progress cargo ship is set to arrive Feb. 11 and the Soyuz MS-06 crew -- Misurkin, Vande Hei and Acaba -- plan to return to Earth Feb. 27.

Shkaplerov will take over from Misurkin as space station commander and will welcome three fresh crew members aboard -- Oleg Artemyev, Drew Feustel and Ricky Arnold -- when their Soyuz MS-08 spacecraft arrives March 10.

Three days later, a SpaceX Dragon cargo ship is scheduled to arrive and on April 18, Shkaplerov, Tingle and Kanai are expected to return to Earth to close out a 122-day stay in space.

And the crew rotations will continue. All told in 2018, three Russian Progress cargo ships are scheduled for launch, three SpaceX Dragon supply ships and two Orbital ATK Cygnus space freighters.

Four Soyuz crew ships are scheduled for launch and, if all goes well, SpaceX and Boeing will launch their new commercial crew ferry ships on test flights, including two with astronaut crews on board.

"Research will be ongoing hot and heavy," Kirk Shireman, space station program manager, told reporters looking ahead to 2018. "We have two spacewalks planned for January ... we have three Progresses, four Soyuzes, we have a number of SpaceX Dragon and Cygnus flights and in addition, we’ll be preparing on orbit for commercial crew flights.

"So really, 2018 (is) a very pivotal year."

Human Meat Found In McDonald’s Meat Factory

McDonald’s history is not a good one, and fast food restaurants already are known to have a lot of mystery ingredients, but this tops the list.

Previously we brought you a web report that detailed disturbing audio admissions by a man that claimed McDonald’s uses human meat as a filler in their 100% beef hamburgers and the fact that McDonald’s has been accused of using worm meat fillers.

According to Huzler, forensics investigators have allegedly found human meat and horse meat in the freezer’s of an Oklahoma City McDonald’s meat factory. Human meat was also recovered in several trucks that were on their way to deliver the patties to the fast food restaurants.

According to various reports, forensics investigators have inspected factories and restaurants across the country and have found human meat in 90% of the locations. Horse meat was found in 65% of the locations. They found human “child” meat in 90% of the locations across the country that they tested & found only 65% was horse meat—so there was more human than horse meat.....do you understand this???

FBI agent Lloyd Harrison told Huzler reporters, “The worst part is that it’s not only human meat, it’s child meat. The body parts were found across the US factories and were deemed too small to be adult body parts. This is truly horrible”. According to Harrison, forensic examinations are underway.
Briton arrested in Thailand after being found with six roasted human foetuses

Reports say the six foetuses had been covered in gold leaf after being roasted as part of a black magic ritual. Police made the arrest after responding to information they'd received saying that infant corpses were being offered to wealthy clients via a black magic services website.

"The bodies are of children between the ages of two and seven months. Some were found covered in gold leaf."

Here are some very revealing Q posts hinting at what really has been occurring in NORTH KOREA.

First you have Hollywood Celebrities bragging about having 'baby penis facials,' without a care in the world for the pain and suffering endured by the babies.

And then even more sinister revelations confirming a DNA ancestry checking service called 23andMe set up by one Anne Wojcicki, who at the time was married to GOOGLE Co-Founder Serjey Brin, who helped finance it.

Anne Wojcicki also mysteriously comments: "IF WE'RE GOING TO LIVE TO 150 YEARS."

**Just what is that all about?**

In 2013 Google CEO Eric Schmidt made an unexplained trip to North Korea, a country we were lead to believe was public enemy number 1 and a major Nuclear threat.

North Korea is clearly NOT what it seems especially when Q posted this 1st NOV 2017:

"**Some things must remain classified to the very end.** NK is not being run by Kim, he's an actor in the play. Who is the director? The truth would sound so outrageous most Americans would riot, revolt, reject etc."

Apart from meaning GOOGLE, is Q's OO code speak for some very dark enterprise taking place in North Korea? Why is he praying for it? Is it some sort of baby factory for cloning/harvesting body parts, with the penis foreskins just the tip of the iceberg?

Is the OO also referring to China's OOCL Shipping Line Company? Q has already mentioned about Longbeach, California being a major hub for the arrival of Far East Shipping Containers. Do they contain children?
And then you discover that Anne Wojcicki’s sister is Susan Wojcicki. Susan Wojcicki is the CEO of YOUTUBE, which was purchased by GOOGLE.

And we all know that YOUTUBE is censoring and shutting down all and every channel discussing this type of material.
For those who may be unaware, circumcision is an unnecessary procedure that is painful and can lead to complications, including death. Not a single organization in the world currently recommends it, yet it continues to happen based on societal norms stemming back to utterly horrifying religious practices.

Operation Deep Freeze

From Wikipedia, the free encyclopedia

Operation Deep Freeze (OpDeep or ODF) is the collective name for a series of United States missions to Antarctica, beginning with "Operation Deep Freeze I" in 1955–56, followed by "Operation Deep Freeze II", "Operation Deep Freeze III" onward. There was an initial operation before Admiral Richard E. Byrd, known as the "Deep Freeze," given the continuing and constant US presence in Antarctica since that date. "Operation Deep Freeze" has come to be used as a general term for US operations in that continent, and in particular for the regular missions to resupply US Antarctic bases, coordinated by the United States military.

The U.S. Navy already had a record of earlier exploration in Antarctica. As early as 1839, Capt. Charles Wilkes led the first U.S. naval expedition into Antarctic waters. In 1929, Admiral Richard E. Byrd established naval bases at Little America I, led an expedition to explore further inland, and conducted the first flight over the South Pole. From 1934–35, the second Byrd Expedition explored much further inland and also "wintered over". The third Byrd Expedition in 1940 charted the Ross Sea.

Byrd was instrumental in the Navy's Operation Highjump after World War II from 1946–47, which charted most of the Antarctic coastline. In 1948, Commander Fish Bone led an expedition that photographed over 450,000 square miles (1.1 million km²) by air. Then in 1954–55, the icebreaker USS Akaka (AGB-3) made a scouting expedition for future landing sites and bays.

Operation Deep Freeze I

The impetus behind Operation Deep Freeze I was the International Geophysical Year 1957–58. IGY as it was know was a collaborative effort among forty nations to carry out earth science studies from the North Pole to the South Pole and at points in between. The United States along with New Zealand, the United Kingdom, France, Japan, Norway, Chile, Argentina, and the U.S.S.R. agreed to go to the South Pole, the last explored area on Earth. Their goal was to advance world knowledge of Antarctic hydrology and weather patterns; glacial movements; and marine life. The U.S. Navy was charged with supporting the U.S. scientists for their portion of the IGY studies.

In 1955, Task Force 43 was formed to carry out this work. Operation Deep Freeze I prepared a permanent research station and paved the way for more exhaustive research in later Deep Freeze operations. The expedition transpired over the Antarctic summer of November 1955 to April 1956, and was filmed by the U.S. Navy's Walt Disney Studio.

For having designed the emblem of Task force 43, Walt Disney became an honorary member of the expedition.
Admiral Byrd and operation HIGH-JUMP

In 1947 Admiral Richard E. Byrd led 4,000 military troops from the U.S., Britain and Australia in an invasion of Antarctica [Operation Highjump and follow-up], but encountered heavy resistance from Nazi submarines and had to call off the invasion. A Rear-Admiral who was in that invasion has retired in Texas, and said he was shocked when he read the "Fire From The Sky" material. He knew there were a lot of aircraft and rocket shot-downs but did not realize the situation was so bad.

On March 5, 1947 the "El Mercurio" newspaper of Santiago, Chile, had a headline article "On Board the Mount Olympus on the High Seas" which quoted Byrd in an interview with Lee van Atta. "Adm. Byrd declared today that it was imperative for the United States to initiate immediate defense measures against hostile regions. The admiral further stated that he didn't want to frighten anyone unduly but that it was a bitter reality that in case of a new war the continental United States would be attacked by flying objects which could fly from pole to pole at incredible speeds. [Earlier he had recommended defense bases AT the NORTH POLE.]

Admiral Byrd repeated the above points of view, resulting from his personal knowledge gathered both at the north and south poles, before a news conference held for International News Service. When Byrd returned to the States, he was hospitalized and was not allowed to hold any more press conferences. In March 1955, he was placed in charge of Operation Deepfreeze which was part of the International Geophysical Year [1957-1958] exploration of the Antarctic. He died, some have suggested he was murdered, in 1957. UFO researchers are also aware of strange sightings of 'flying saucers' with swastikas or iron crosses on them, 'aliens' speaking German, etc.
Kohnen Station is a German summer-only polar research station in the Antarctic, able to accommodate up to 20 people. It is named after the geophysicist Heinz Kohnen (1938–1997), who was for a long time the head of logistics at the Alfred Wegener Institute.

The station opened on January 11, 2001, in Dronning Maud Land. The station is located at 75°00′S, 00°04′E, and 2892 m above sea level. It is located 757 km southeast of Neumayer Station, which lies on the Fjøsanger ice shelf and provides logistics and administration for Kohnen Station. Like the United Kingdom's Halley V station, the base is built on steel legs allowing the station to be jacked up as the height of the snow surface increases.

17 Jul 2017 - The break-up of vast ice shelves in the Antarctic—such as the recent ice in Antarctic—could raise sea levels by more than 15 metres by 2500 if ... 1.5 degrees Celsius could lock in significant sea level rise for centuries.  

Sea level rise could be ‘disastrous for coastal regions and displace hundreds of millions of people worldwide’, scientist warns  

The break-up of vast ice shelves in the Antarctic—such as the recent massive iceberg—is being fuelled by a wave that moves at about half the speed of a bullet, according to a new study.  

The waves, which can travel at more than 690kmh (about 430mph) and circumnavigate the entire continent in less than two days, pushes warm water onto ice shelves onto the western shores of the Antarctic Peninsula, researchers found.  

Last week an iceberg about a quarter the size of Wales and weighing a trillion tonnes detached from the Larsen C ice shelf. While it will not raise sea levels as the ice was already floating, its calving could speed up the rate at which land-based glaciers enter the sea.  

It is thought melting ice in Antarctica could raise sea levels by more than 15 metres by 2300 if humans keep producing greenhouse gases. There is concern that allowing global warming to go beyond 1.5 degrees Celsius could lock in significant sea level rise for centuries.
Is there a lost city in Antarctica? Mysterious 'dome' building may have been created by an ancient civilization, bizarre theory claims

By Abigail Beall For Mailonline

- A 400ft wide structure found on Google Earth could be an ancient building
- The shape could mean there is a 'lost civilization', conspiracy theorists say
- Scientists first thought the discovery could be a sastrugi, a natural phenomenon

An image of a 'dome' in Antarctica has sparked claims there was once a civilisation living in the frozen continent.

'What if, in the distant past, when Earth and Antarctica — was much different than today, an ancient civilization developed there, creating fascinating structures, monuments and temples there?' a post on Ancient Code says.

The post says scientists initially thought the discovery could be a sastrugi — a natural phenomenon formed by years of battering by strong, freezing winds and heavy snowfall.
Another strange theory surfaced last year, claiming that there is a mysterious pyramid in the Antarctic had emerged.

Conspiracy theorists have posted a video on YouTube, in which they claim that US Secretary of State, John Kerry, visited Antarctica last week to visit an "alien base" within the pyramid.

The video suggests that the images have been taken from Google Earth, but it is unclear whether they have been edited.

The video was posted on the Moon, a YouTube channel regularly posting content on aliens.

It showed a pyramid-like structure in the snow, with a Google Earth-type label and pin.

The labels reads "Antarctica Pyramid" - a misspelling of Antarctica, which suggests that image might have been doctored.

Is there a Medieval Castle in Antarctica?

I try not to be too much of a sensationalist when it comes to my website but this formation did strike me pretty strongly. It sure does look like the ruins of a medieval castle! Now we do have that good old adage that "To a hammer every problem looks like a nail" and I am all about medieval castles so maybe I am just seeing castles everywhere. I better check my toast very carefully this morning. Maybe there is the profile of a castle in the burnt and brown surface of the bread. LOL!

And maybe a microbiologist would look at this picture and see an enormous amoeba. It is very similar to the whole face on Mars conspiracy. But I got to say, it sure does look like the footprint of a medieval castle!

Zombie Alert? | Florida City Broadcasts Actual Zombie Alert; Warns Residents of “Extreme Zombie Activity”

As you may recall, a similar false alarm was sent out by officials in Hawaii earlier in the year warning about an incoming missile attack that never actually materialized. There was also a more recent false alarm about a tsunami that was issued in Alaska. Residents of Alaska’s Aleutian Islands were told that their area was under a tsunami threat, though no actual tsunami threat existed at the time.

All of these false alarms have occurred in relative succession to one another over the past several months, which begs the question: Who keeps sending out these false alarms and why?

As relayed by WFLA, the message erroneously stated that there were “far less than seven thousand three hundred and eighty customers involved due to extreme zombie activity.”

While it was true that more than 7,800 customers of the local electric utility lost power, there was no link whatsoever to zombies. City spokesman Ben Kerr reiterated this in a Facebook message, stating that “Lake Worth does not have any zombie activity currently.”

Meanwhile, the 7,880 utility customers who were ultimately determined to have had their power cut saw it restored within 30 minutes. They never did learn, however, what was the actual cause of the power outage.

Why are so many fake government alerts being sent out these days about zombies, missiles, and other non-events?

Declassified DoD Report Warns US At Risk of Total Collapse, Millions of Deaths from EMP Attack USING TESLA WEAPONS...

by Jay Symopoulos, May 15th, 2018

A newly declassified report by the recently re-established Commission to Assess the Threat to the from Electromagnetic Pulse (EMP) Attack warns that the threat posed by an EMP attack could jeopardize “modern civilization,” return a lifestyle last seen in the 1800’s and leave millions of people dead across the United States.

The executive report, entitled Assessing the Threat from Electromagnetic Pulse (EMP), predicts that the smallest EMP attack on the US electrical grid could have a devastating effect on the supply chain for at least a year or more – depending upon the scale of the attack – starving much of the country of electricity, water, food, transportation and telephone Internet service.

“A long-term outage owing to EMP could disable most critical supply chains, leaving the U.S. population living in conditions similar to centuries past, prior to the advent of electric power,” said the newly declassified July 2017 report.

“In the 1800s, the U.S. population was less than 50 million, and those people had many skills and assets necessary for survival without today’s infrastructure. An extended blackout today could result in the death of a large fraction of the American people through the effects of societal collapse, disease, and starvation. While national planning...

NASA Designs HAMMER Spacecraft to Deflect or Nuke Dangerous Asteroids

 Humanity might not be safe even if we tackle challenges like global climate change and perpetual war. An asteroid could fall out of the sky and knock us back into the stone age, or worse, end our brief reign on this planet. NASA and the National Nuclear Security Administration (NNSA) are working on a new spacecraft design that could potentially deflect a dangerous asteroid before that happens. The craft is called “HAMMER,” and it does what the name implies.

 HAMMER, which stands for Hypervelocity Asteroid Mitigation Mission for Emergency Response, has two modes. In its preferred mode of operation, it would act as an impactor that collides with the asteroid to gently nudge it off course, so it doesn’t hit the planet. If there’s not enough time for that, HAMMER’s other option is to detonate a nuclear weapon in order to destroy or deflect the object. That’s where the NNSA’s involvement is key.

 In a new study, NASA used the asteroid Bennu as a hypothetical test for the HAMMER program. The agency’s OSIRIS-REx mission is closing in on the space rock with the aim of collecting a sample from its surface later this year. Researchers used the trajectory calculations of OSIRIS-REx for the hypothetical HAMMER mission. This wasn’t just a shortcut for the sake of sending time. There’s a small 1-in-2,700 chance that Bennu could collide with Earth in 2035. The 1600 foot (487 meters), 74 billion pound (33.5 billion kilograms) space rock would produce a 115 gigaton explosion if it struck Earth. That’s about 23 times larger than the most powerful hydrogen bomb ever detonated, and it’s far from the biggest asteroid out there.

 Each HAMMER spacecraft would weigh 8.8 tons. With a planned impact speed of 22,000 miles per hour, it could impart a lot of force. Still, one probe isn’t going to deflect even a modestly sized asteroid like Bennu. NASA suggests deploying a small fleet of HAMMER probes in the path of an Asteroid. Over the course of multiple impacts, the asteroid slows down slightly, and its orbital trajectory bends toward the sun. According to the study, this would be enough to steer Bennu away from an Earth impact.

 If we don’t know about an impact years in advance, it might be impossible to alter the asteroid’s course early enough. That’s why HAMMER also has a nuclear mode. The analysis says current US nuclear weapons are sufficiently powerful to knock an object like Bennu off course. Overall efficacy won’t be clear until we get a closer look at Bennu’s makeup.

 Mjölnir

 From Wikipedia, the free encyclopedia

 In Norse mythology, Mjölnir (/ˈmʃl.nɪr/) is the hammer of Thor, the Norse god associated with thunder. Mjölnir is depicted in Norse mythology as one of the most fearsome and powerful weapons in existence, capable of leveling mountains. In its account of Norse mythology, the Prose Edda relates how the hammer was made by the dwarven brothers Fjörmir and Brokk, and how its characteristically short handle was due to a mistake during its manufacture. Similar hammers (Ukonvasara) were a common symbol of the god of thunder in other North European mythologies. In the Viking age, they were identified with lightning.

It's staring right at us. Want to hide a secret? Show the world the secret and see how blind we really are. Since then, the discoveries made are mind-blowing. One door closes, another 3 doors open.

Who unlocked the door of all doors? Wayne Herschel:
Here's the other PEOC Meaning! This concerns the research of Rene Peoc'h with his little orphaned chicks who believed a tiny robot with a light on it was their Mother. Such was their 'imprinting' and need to be close to their perceived Mother, that they were able to draw the robot to the edge of their cage just with their collective thoughts. Peoc'h placed a small light on top of the robot and then set it to move around randomly. In darkness the chicks (uncaged) would literally follow the robot and its light.

Then Peoc'h placed the chicks in a cage in complete darkness and left the robot nearby (with its light on) to again make random movements. After awhile the chicks were so desperate to be near their 'Mother' and its 'Light' that the robot started to make more than random movements towards the very edge of their cage. The chicks were remotely influencing the robot through their collective thoughts to come to the edge of their cage (and stay there) instead of just heading off away from it.

12/11/17 Q Light will overcome darkness.

04/03/18 Q Dark to LIGHT.

Thus we can conclude that like the chicks, WE can draw the LIGHT (goodness) to US using our collective consciousness if we focus on that outcome!
So one can see that as a collective we can all influence our group consciousness for better or worse, good or bad. Q is so correct when he says the thing they the Deep State fear more than anything is all of us finding out important research such as this, since it is this that will free us all.
THE ISLAND FROM P.43 THE ALPHA OMEGA TAURUS REVELATION STAR GATE-WAYNE HERSHEY

Imagine travelling on a small 100 passenger capacity ship on a holiday cruise and the worst imaginable solar flare has just knocked out all electrical systems everywhere around the world. It knocks out all communications and electrical systems on the ship too. The ship then sails blindly onto an island coral reef because it went far off course in the chaos. All 100 survivors jump off with sacks of fruit and vegetables before it sinks and are on the beach with literally just the clothes on their backs and the produce that they can plant.

A group of environmental scientists who were on the cruise and were supposed to be heading to a convention explain to all how serious the flare situation is that they were monitoring. They reveal that the world is literally going to go through a period of no technology for some years. Nobody would be coming to rescue them either or even know that a rescue is needed. The 100 survivors are now on their own and they will be alone for a long time on a tiny uninhabited island. But fortunately, it is an island that can be planted with food since it has great resources of water, trees, deer and no horrible insects or predators.

It is decided they urgently need to build shelter, make fire and separate a small group of temporary leadership based on their experience of survival skills. The scientists then hold a meeting and propose the best way forward would be to separate the different vegetables with care taker groups who will watch over specific plantations, as well as deer hunting and breeding.

They also propose that a barter system is the best way ahead where each group needs to have a good harvest to trade with others. What is more, there would be rewards for those that work hard so all are motivated to do their best.

For many mouths, the community grows and everything is going well because of the great abundance of resources and motivation with the crop reward system. The first problem they have as a community is a religious matter. They argue over what place of worship they would need to prioritise with three religious groups involved.

The group of temporary leadership of scientists is not keen on having its leadership responsibility continue since the task is not something it likes at all. It wants one leader to take all the responsibility. A meeting is held to discuss new leadership. At the same time, the holy temple solution is debated.

Since we have all seen how people discriminate so much among religions and how so many wars are being fought based on belief, the scientists proposed that this island should do something different. Something that should have been done in the world a long time ago. It was agreed that all keep their own differing beliefs very private. Additionally, it was agreed that only the common grounds of religion had a place in this community, namely believing in a Creator and the general agreed teachings on morality with a much more private spiritual way forward of 'Oneness' with nature. It was decided prayer would be reserved exclusively for private places like one's own home. Very importantly, nobody would exhibit their religious traditions openly in the interest of an experience for all based on greater peace and harmony.

A year later a complete village was built and there were a lot of new children being born and everyone seemed happy, worked well and traded fairly.
But then one day an arrogant greedy bully who had control of the most valuable supply of nourishment, the sweet potato crops, decided to build a fence around them and set new laws. He decided that these were the crops that he had developed through hard work so he would manage them as he pleased.

One single person, representing merely 1% of this whole new colony then demands a better exchange deal because he feels his produce is of higher worth than the others' produce. He also decides he should be the leader on the island because of his new exaggerated claims that he had earned the position. The 99 people on the island discuss the situation and agree they had already talked about the need for a leader and hence accept his demands. After all, this is how it worked in cities and all were used to the capitalism way. They do not want a confrontation so they allow his demands to be met.

The new leader then settles in and not long after this, raises the exchanged value amount for his produce. This is followed by getting others to do all the harvesting, planting and watering and the reward is these workers get some extra produce since it is the main food and needed by all.

This arrogant individual sat and did almost nothing each day other than boss around others. He found a way to get his life rewards for free simply by manipulating people.

Over time this one man began to manipulate a band of workers who would also carry out his bullying tactics. The bully wanted more land and more control of the other produce. He began trading others' lands rights for more shares in the sweet potato harvest as he extorted his different produce values further.
It reaches a point where the leader owns everything on the island and has all the people working for him. Obedience is mandatory or he will inflict harm on those who are not obedient. He finally inflates his produce value now to the point that all on the island basically work all day every day just to have enough food and shelter to survive. He tells these enslaved people to be thankful and count themselves lucky they have food in this difficult time where more work is needed to make more produce.

Is this moral or fair?

We all know what would happen next on this small-scale island colony because it is much easier to solve a situation with a small colony.

All 99 people, who started calling themselves the "99%", had a meeting where all agreed life was better when all shared the resources fairly. They agreed the most humane deal is when everyone does their bit and each receives the same rewards for a comfortable day’s work. They agree leadership is more effective having a group of seven people rather than the risk of one leader who could easily become a dictator. Having a wise ethical based group of seven watching and managing all matters would be better for the 99%.

Eventually the strongest men walked over to the bully and grabbed him, chained him to a tree like an animal and it was decided they needed a new revived island resource share trade where all worked reasonable hours, had food, shelter and happiness. Since the capitalist way had failed and they all knew that the communism model was absolutely out of the question, they asked the scientists what model would work.

The only humane system at hand at the time would now have its beginning. A resource shared economy plan. It simply means all the resources on the island belong to everyone. Each continues in groups maintaining the produce as before. But it means no profiteering is possible, just sharing and special incentives designed to treat those that work hard by allowing them larger rewards.

The 99% leadership group of seven then informed the bully after a week of being chained up and stripping him of his pride that he would have just one more chance to fit into their community. They said he could resume and be free as one of the community if he agreed to follow the shared produce and humane life ethics agreement. They warned him too that there will be no second chances if he breaks these laws. He will get locked up permanently in a jail that they would then have to build.

The moral of this 'Island' story:

The 99% need to find a way to retain power to control the laws governing society. Happiness and harmony is only possible if the 99% work as one with a private spirituality of 'Oneness' and with a resource shared system and work reward incentives. Thus, removing the old ways of the 1% dictatorship manipulated society and preventing catastrophic greed and profiteering. Will the world find a way to do the same?

THE BIG CON OF A SINGLE COUNTRY LEADER

Just as presented in the 'Island' scenario, the only way for a non-corrupt transparent way forward for world government is as follows.

Having one leader in power in any country opens the door to the worst possible potential for manipulative conniving personal gain options. We all know corruption is the biggest downfall in many governments worldwide.
It is easy for one person of power to hide illegal activity if he can boss all those around him that want to check his activity.

The simple answer:

THE COUNCIL OF SEVEN

Every country should vote for a Council of Seven shared leadership with positions that share every decision made as one council by voting on everything they make decisions on.

The choice of people for candidates need to be those who are not even near multi-millionaire status and people with long public records of humane activity who are strong in the good traits I have shown and that are easy to measure.

Candidates also need to be banned from having sponsors for media campaigns. We all know sponsors will want something back when they spend a fortune on promoting a candidate.

Each council ought to prioritise mixed multiracial ethnicity, a balance of 4 women to 3 men since men sadly have a little too much war hungry testosterone handicap.

Every member must be open to substantial ongoing auditing whereby no deals are made behind closed doors. Massive auditor teams always rotating and having new people join frequently so no permanent members can be bribed.

Why has this not happened before in powerful countries? That is because destructive billionaires have had the reigns for so long that they have found all the loopholes that need controlling to prevent such an unprofitable disaster for themselves.

SAVING A WORLD FROM CRISIS

I have studied many sources of prophecy that seem to identify a world crisis event and period ref.

Many of us like me believe this period of chaos will be one that will include a cosmic messenger that reveals the hidden records about the meaning of life and human rights. A messenger not of this Earth that inspires and empowers humanity to find their way forward, peacefully removing the cause of all that is wrong with society ref.

There might also be no cosmic messenger event at all. We need to prepare for this too. If so, humanity will need to find its own way forward somehow with the least violence possible. The logical goal with all humanity in mind: To implement new laws preventing elite profiteering making a fortune on very little physical or mental effort. New laws increasing minimum earnings and better earnings for any hard-working people dedicated to social development. In time, manipulating billionaires will become extinct as all of humanity should logically share its resources. It would constructively evolve into a resource shared economy ref.

A world where ownership of anything is gradually replaced with free usage agreements for individuals and even more benefits for productive family units. ref A comfortable luxury life is possible for all, especially those that have worked the most for the benefit of the community ref.

It is important for humanity therefore to believe in the human spirit and to find a peaceful way in the struggle against the elite rather than depending on a messiah.
The promise of accession or to be saved and taken to another paradise world in your current biological state is unlikely. The human form is ravaged with microbes and disease and horrific bacteria types that are impossible to remove. Millions of contaminated humans being saved and moved to another paradise world is impossible.

However, what does make sense in a cosmic messenger event, that is if the past holy records or prophecy are based on something true: The concept of angels (cosmic visitors) arriving, probably taking from this Earth a few 'chosen' people, but it will be people chosen for removal, i.e., those that are the most destructive people.

Let us consider the references of casting evil people into 'Hell'. Hell, which in this instance is most likely another world perhaps already biologically infected beyond hope. A world with very harsh conditions to which destructive human beings are relegated.

There are historical images that follow that show a messenger of the cross, that experts claim is The Christ casting destructive people wearing bare minimum into this place known as 'Hell'. But my greatest interest in this depiction here is the green cosmic dragon mouth representing this Christ-interactive conduit.

Imagine for a moment you are an advanced alien space traveler from another world and you know all the secrets of the universe and Creation since there can only be one truth. Your scientists have been studying the Earth crisis with planned assaults and you want to help the crisis.

You have just landed on the Earth and you meet up with some people here to try and awaken them on the meaning of life to treat it as a gift.
The messenger states that he is the **Alpha** and the **Omega**, the beginning and the end while holding seven stars in his right hand. The seven stars, even Scholars have said that the Pleiades is the most common ancient obsession star cluster. He would obviously be introducing himself. Identifying who he is and where he comes from.

In more simple words, taking every single detail, we have found in the study so far. The cosmic visitor basically announces that he came from Taurus, from a star system (of our origins) near the Pleiades. He travelled by means of the Omega device star gate. He is also identifying who he speaks on behalf of with what is found encoded in the beginning and end of the Bible, the Tree of Life.

The messenger is basically delivering an action plan as well, when reading all the basic encoded Revelation text and a time clue which will look at in a moment. So, what we have is a full opening message covering his identity, who he is and to take this further and clearer. His appearance as a saviour is clear with a humanitarian mission on behalf of human interests while we appear to be in a real elite manipulated world crisis.

He speaks on behalf of interests of universal Creation of the Tree of Life and he is from the Pleiades area brings an important plan of action helping humanity find the best way forward. Humanity that is also sacred because it also has its origins in the same star area.

Who do you think is calling all the shots to be taxed as we are, for the very high cost of food, shelter, security, healthcare that government puppets are unleashing upon humanity? Even the current natural disasters and war and migration seem to be signs identified in the 'end times.'

How is it even possible nuclear war potential has been allowed to escalate to what it currently is? It is all in the hands of the powers that be. The same elite who do not care enough to be sending in fast help for those who have lost their homes and are in crisis.

In the old days, it has a one-word answer: MONARCHY

But in modern times there are just a few of these kings and queens in power, or seen to have power as some might have been good to hide their real power. The new name of the most evil includes also these last few powerful monarchy system leaders, but under a new look: DESTRUCTIVE BILLIONAIRES

Firstly, I think in the near future, many billionaires will realize how destructive their profiteering has been. The world also needs a huge and very fast financial fund-raising plan to set in motion right away. I bet the messenger will call out all billionaires and say that there are some amongst you that have not been as destructive... and these people will have the chance to become real heroes if they do something that to them is far worse than losing loved ones.

To surrender their excess fortune leaving themselves only an acceptable few million to get on with their lives in a new capped earning potential monitored high audited society.

This sounds like the most humane logical way forward as fast resources suddenly rescue and feed the starving, set up decent fast accommodation and then real homes for the poor especially higher rewards to those who are hard working. Their earnings will be more humane instantly as the new subsidies set in globally. The world then is saved from further wrath of the manipulating ascendant elite with new laws preventing property ownership.

A resource shared economy begins where any person working hard, be it labour or with intellect, are they well rewarded.

A golden age where star visitors are safe to visit us and help us develop our world in far more advanced ways too.

**Up to now, the world protocol is to shoot any flying craft not of this world and arrest and lock up any visitor in case they are a threat. Then steal their technology to make bigger weapons and war machines.**

---

**THE TIMELINE – WHEN MIGHT THIS ALL HAPPEN?**

There is currently another decoded Revelation prophecy that researcher Patrick Archbold found ref a few years ago where the stars positions match the Revelation 12 prophecy wording ref.

This ebook launched during the time marker. A prophecy that seems to occur on the 23rd September 2017.

I personally think this time marker does not mean right away but very soon after the 23rd September. How soon? My thoughts here are, it could be anything from the date shown to a year or two after this date. Prophecies are meant to be important events that are given to humanity to inspire extra changes to prevent the disasters they warn of. Prophecies are also watched by the elite and believe me they are trying everything to avert first contact.
This is spectacular! Can you imagine if they were all sent off planet to a penal colony on a ONE WAY TICKET just like they inflicted on those poor kidnapped children....NEVER ABLE TO RETURN...
In the illuminated manuscript #1150 Winchester Palace The opening mouth and often referred to as "the beakings of Hell" or "shows the Cosmic Dragon and messenger being of the very dangerous animal. Do you go through the front door? Do you signal ahead of time you will be attacking?

Three powerful sousporns and others that no doubt qualify on this level by how much greed and prostitution they have amounted upon humanity. They are on the other side of the star gate. A disabled anger lies this time for a period colony destination. No doubt sent to a world of either early human evolution spirit beings or further alienated creatures who have dementia of a lost world that is very harsh.

If angels are real flesh and blood beings with the added symbol of that can fly (bird wings) what many should be asking is where is the messenger in this depiction. The top right corner holds the answer. He is the one wearing the Orion cross crown, as he is a teacher of the Cross of Orion and shows the way to sun star system that he originates from.

ARE THE DEEP STATE ELITES INTO THE DEEP STATE ELITES THAT KIDNAPPED DIOK TRAINED PEOPLE OR AND NOT PEOPLE ABOUT TO SUFFER THE SAME FATE...BEING REMOVED FROM EARTH?

The Trolls always mention Sirus and evil reptilians classic troll agenda to look out for.

You're right so is Herschel had written the same 'BS' and the troll is now agreeing with it and making it look as if I agree to.

Thank you for your input. The trouble is if you had actually researched Herschel's work you would realize that his work has nothing to do with Sirus ever being colonized and nothing to do with luciferian reptilians which are a deep state psy-op perpetrated on the alternative media truth seekers. Even mainstream scientists discuss and confirm that Sirus is not and never has been anything other than a huge sun like star that cannot be inhabited. It also happens to be the brightest hence it's nickname SNOW WHITE Herschel is a serious archaeoastronomy and history researcher. The ancient, carved in stone evidence shows that the big deal is an exoplanet HD283721 close to the 7 dwarf planets of the PLEIADEN. It is everything to do with that exoplanet and the Pleiades. His evidence reveals normal, human flesh and blood beings who simply had advanced technology using star gates and scientifically verifiable worm hole travel which is what CERN in Switzerland is all about. And hence Q's post about ALICE. With that type of technology and travel, it of course gives anyone the ability to travel extra dimensionally. Luna in Latin means light. Lucifer means light. The great secret is about this exoplanet. The Beatles Lucy in the Sky with Diamonds is about this planet and its nearby 7 Pleiades which sparkle like diamonds! This is why the Statue of Liberty has 7 spikes and sits on a star only visible from above! Happy research...

I'm not sure why it won't let me view the full reply you posted to me. Maybe his research doesn't cover Sirus as a colony, that's why I said 'apparently'. But yes, from what I've read, the 'Taur...'

Lavender Castle - Wikipedia
It was produced in 1997
Lavender Castle is a British stop motion/CGI television series created by Rodney Matthews
Series overview [edit]
Lavender Castle: a place of mystery and legend, fabled throughout the universe, a floating city of light, a place of peace, harmony and all the things that have ever been dreamt of. It is the centre of the universe and the greatest source of power - should it be destroyed, the universe would be plunged into darkness forever.

Evil scientist Dr Agon plans to do just that. A lonely megalomaniac with technology-assisted powers of transmutation, he yearns for darkness and has pledged to destroy Lavender Castle from his fortress spaceship, the Dark Station, the most destructive power in the universe, crewed by unseen slaves working deep in the bowels.

In order to prevent this, Captain Thrice has set out on a quest to find the elusive Lavender Castle before Dr Agon. A previous encounter with Lavender Castle gave life to Thrice’s walking stick and left the Captain with a special knowledge of its power and abilities. Traveling in his carriage spaceship, the Paradox, Thrice assembles a crew of misfits to join him in his quest, combating evil wherever they find it as they travel the universe searching for clues that will lead them to Lavender Castle. But Lavender Castle works in mysterious ways and lends its power to the Paradox crew to protect them when they most need help.

Protagonists 🌟 Leading character in film/Champion of a particular cause

Captain Thrice: the wise, elderly three-eyed captain of the Paradox, always accompanied by his talking, Sentient Walking Stick. Years before, he fortuitously came across Lavender Castle during his space travels, and is since that time bent on finding it anew to try to protect it from Dr. Agon’s evil schemes.

Antagonists 🌡️ A person who actively opposes or his hostile to someone or something—an adversary

Dr. Cedric Agon: the series’ main antagonist, an evil megalomaniac mad scientist who is bent on destroying Lavender Castle, and thus plunging the whole universe into darkness and despair forever. Self-proclaimed himself “Destroyer of Worlds”, he constantly travels in pursuit of the Paradox and its crew, aboard the Dark Station, his own massive, heavily armed space fortress manned by an unseen crew of slaves imprisoned into the ship’s bowels.

Trump: Dr. Agon’s pet and sidekick, a flying critter resembling a cross between a bat and a tramped lizard. Capable of talking, Trump also enjoys emitting sarcastic raspberry sounds now and then.
Here is Q making reference to the Mark Passio infographic/slide from his collection called the CULT OF ULTIMATE EVIL that I downloaded onto my P.C. The Painful Truth one (about Order Followers) is # 23 from the collection that totals 97! Apart from altering the slide title to white (for easier reading) the original slide is the same, just with a red title instead.
The Painful Truth

The ORDER-FOLLOWER always bears MORE culpability than the giver, because the Follower is the one actually performing action, and in taking action, actually brings resultant harm in manifestation. One form of EVIL and can be seen as a “virtue” a moral human being has been personally responsible form of Slavery and has ever existed...
AS YOU'VE NOW SEEN THE MYSTERY IS FINALLY+++
SOLVED+++and your searching is OVER. YOU WON'T FIND IT ANYWHERE BUT HERE....

And as Q said read also THE PROTOCOLS OF THE ELDERS OF ZION...

It is now obvious that with ALL THE NATIONS SECRETLY WORKING TOGETHER behind the scenes, verified by the Q MEMO, Find the Spider(s) ETC), there is clearly NO ENEMY threat from any nation other than from the Leaders who control the Planet, by virtue of taking orders from the Deep State Hidden Hand ROTHCHILD owned Space Agency.

THEY ARE ALL DEEP STATE- having a laugh lining their pockets MINING THE ASTROID BELT AND BUILDING CITIES UP THERE using kidnapped HAITI CHILDREN & YOUNG ADULTS , on trillion dollar Space Projects using our money and secret advanced technology, whilst 4 billion people live in complete destitution and poverty around the world ON EARTH,...

ALL THE WHILE KEEPING SECRET THE MIND BLOWING TRUTH ABOUT OUR HISTORY...THE MAP AND WHERE IT LEADS..

Think about it...If there was nothing in SPACE as we've been fed for centuries, then why the trillion dollar obsession with SPACE??? You get in a vehicle or aircraft to go from A to B don’t you???

THE SPACE PROGRAMME PRESENTED TO THE PUBLIC INVOLVING ROCKETS, SHUTTLES AND LANDERS HAS BEEN AND CONTINUES TO BE THE BIGGEST HOAX EVER. THE REAL SPACE PROGRAMME INVOLVES INSTANTANEOUS WORMHOLE/STAR GATE TRAVEL USING ZERO POINT ENERGY (FREE ANTI GRAVITY ENERGY) DISCOVERED BY TESLA AND OTHERS OVER 100 YEARS AGO, AND KNOWN ABOUT FOR AT LEAST ...17,000 YEARS.... AS THE ANCIENTS USED IT...PROVEN BY CARVED IN STONE EVIDENCE EVERYWHERE......ITS HOW THEY GOT HERE IN THE FIRST PLACE....
Who is MORE responsible? **US OR THEM?** US because we CRAVE, WORSHIP, SUPPORT and VOTE for our own Slave Masters and their militaries. Until WE stop doing that nothing will change...their grip and power over us is lost once we know the TRUTH and tell them WHERE TO GO......by refusing to be part of THEIR system.

It requires a complete withdrawal on our part from their system...

Discreetly spread this knowledge... email people the **LINK**. Being too blatant will meet with immediate resistance from the bots, trolls and YT shut downs...
